

## NEW B.C. GOVERNMENT WITHIN MONTH

### Premier MacLean Has No Regrets Or Bitterness In Defeat

HON. J. D. MACLEAN

Premier MacLean issued the following statement this afternoon: "Naturally, I am somewhat disappointed at the results of yesterday's election, but I have no regret either for the character of our campaign or the policies that we advocated. I regret that many good candidates met defeat yesterday. It is, however, the fortunes of war. One cannot always be successful.

"Evidently the electorate thought it was time for a change, and I have no feeling of resentment or bitterness in defeat.

"The principles and policies which we advocated were sound and ultimately will prevail.

"I want, however, to congratulate Dr. Tolmie on his success, and will hand over the reins of government to him as soon as the change can conveniently be made.

"In conclusion, I want to thank all our supporters throughout the Province and particularly in my own electoral district, the City of Victoria, for their splendid and unselfish support on our behalf."

### BUS BY-LAW TO PASS TO-NIGHT

#### Saanich Council to Finally Approve Franchise

Subject to approval by the Legislature, the Saanich Council will this evening finally pass the Transportation By-law giving J. S. H. Matson a twenty-year exclusive franchise to operate passenger bus services in the municipality. The measure was given overwhelming approval by the ratepayers of Saanich last Saturday.

Under the terms of the agreement between the municipality and Mr. Matson, modern buses will serve every portion of Saanich. The existing routes are to be extended and improved, with no increase in fares without council approval.

Should the council be dissatisfied with the service, it has power to appeal to the Lieutenant-Governor-in-Council or the Public Utilities Commission when that body is formed. Inability of the system to give satisfactory service vests the council with power to take over and operate the equipment, without payment, until other arrangements can be made.

In explanatory statements to the council Mr. Matson has stated that more than \$250,000 will be invested in new equipment before the close of the present year.

**BANK RATE REDUCED**

London, July 19.—The Imperial Bank of India to-day reduced its discount rate from six per cent to five per cent. A month ago the rate was lowered from seven per cent to six per cent.

### SAFETY BOX IS OBJECT OF SUIT

#### State of New York Wants One in Montreal Opened

Montreal, July 19.—Adjournment to August 21 was ordered to-day by Mr. Justice Dugas in the practice division of the superior court here in the action taken by local attorneys on behalf of New York State to secure access to a safety deposit box in the keeping of the Montreal Safe Deposit Company. The box is thought to contain \$3,000,000 deposited there by the late John H. Phillips, New York contractor. This money figures in a sewer scandal in New York City.

### GREAT MERGER OF CANADIAN PLANE GROUPS REPORTED

London, Ont., July 19.—The London Air Transport Company and the International Airways of Hamilton are reported to be negotiating a merger of practically all the Canadian air companies.

### Bank Clearings Gain \$100,000 For Week

Victoria bank clearings for the week ending to-day total \$3,061,583. Clearings for the corresponding week of last year were \$2,972,434.

#### BOY WANDERS IN STREETS

Seattle, July 19.—Wandering along a street with one shoe his only protection against the cold night air, a two-year-old boy was picked up by a policeman shortly after 2 o'clock this morning and taken to a police station. Later in the morning the child was identified as the son of Attorney and Mrs. Hugh Todd. How the child got out of the Todd home during the night was a mystery, according to the police.

### Potato Control System Made Subject of Test In Courts of Province

### BODY OF LOST TRAVELER IN PLANE FOUND

#### Remains of A. Loewenstein Picked Up By Fishermen on Coast of France

Boulogne, France, July 19.—The body of Captain Alfred Loewenstein, noted Belgian financier, who disappeared from an aeroplane while it was crossing the English Channel at a height of 4,500 feet on July 4, was found near here to-day.

The body of the banker was taken to Calais this evening in a fishing boat and identity was established by means of a wristwatch.

The tragic end of Captain Alfred Loewenstein caused a sensation that had echoed on the stock exchanges of London, Paris, Brussels and Berlin. A police inquiry in France developed that only his valet and stenographers, who were accompanying him on the trip, noted his disappearance when he failed to return from a lavatory at the rear of the aeroplane. They found a door open and later the captain's collar and tie were discovered in the plane.

#### THEORIES VOICED

Surmises as to the tragedy ranged from theories of accidental death to a hoax. Members of the Loewenstein family and intimate friends of the financier strenuously denied he had had any reason to commit suicide.

Finding of the body will serve to expedite settlement of the estate. He was a Belgian citizen and the law of that country provides that liquidation of the estate of a deceased citizen may be adjourned for four years unless there is positive proof of death. An application for a death certificate was refused by a Brussels court on July 9. The aeroplane was one of several owned and used by Capt. Loewenstein.

#### LITTLE JOE

FROM PEOPLE PLUNGE AND GO ON THE ROCKS, AND OTHERS GO ON THE ROCKS AND PLUNGE.

### TO BE PREMIER OF BRITISH COLUMBIA; HON. S. F. TOLMIE

### TOLMIE PICKING CABINET

#### Hinchliffe Expected to Be Victoria Minister in New Administration

#### Pooley Probable Speaker; Many Other Names Mentioned For Portfolios

The new Conservative Cabinet will be in the making here before the end of this week. Premier-designate Tolmie is expected to decide within a few days on the men whom he will invite to take over the reins of government with him.

To-day the Cabinet slate was generally forecast as follows: Premier and Minister of Agriculture, Hon. S. F. Tolmie. Attorney-General, R. L. Maitland, Vancouver. Minister of Finance, W. C. Shelly or T. H. Kirk, both of Vancouver. Minister of Lands, N. W. Loughheed, Dewdney. Minister of Public Works, W. A. McKenzie, Similkameen. Provincial Secretary and Minister of Health, Dr. L. E. Borden, Nelson. Minister of Education, Joshua Hinchliffe, Victoria. Minister of Mines, T. W. Falconer, Atlin.

#### WOULD COVER PROVINCE

This would give Vancouver Island two Cabinet seats, Vancouver two, the Fraser Valley one, the Okanagan Valley one, the Kootenays and the North one.

Others mentioned as Cabinet material include J. W. Jones of South Okanagan, chief financial critic of the Opposition, in the last Legislature. His chances of being taken into the Cabinet, however, would be reduced by the appointment of W. A. McKenzie of Similkameen, as these two members sit for adjoining ridings.

R. H. Pooley, Opposition Leader, is understood to desire the Speakership, and has no ambition for the Attorney-General's position, to which he has a strong claim. It is expected he will be Speaker, possibly with C. F. Davie of Cowichan-Newcastle as Deputy Speaker.

### TURKEY SCRAPS ALL OLD TITLES

Constantinople, July 19.—New Turkey has decided to scrap all the official titles left over from the old regime, beginning with the highest military title, Pasha, which henceforth will be General.

President Mustapha Kemal's name will thus be westernized to General Ghazi Mustapha Kemal, instead of the old form Mustapha Kemal Pasha.

### ELLEN TERRY IS CRITICALLY ILL

#### Aged Former Actress Has Periods of Unconsciousness at Home in England

Small Hythe, Kent, Eng., July 19.—Dame Ellen Terry lapsed into spells of unconsciousness to-day. She has been critically ill since Tuesday.

The aged actress passed a fair night, but was weaker this morning. She was able to recognize her devoted son and daughter, Edith and Edward Gordon Craig, only at occasional moments.

Dame Terry, now eighty years of age, for nearly fifty years was one of the foremost actresses in the world. She has been very frail for two years. She fell and broke one of her arms, which never healed properly, and last Winter an attack of influenza nearly ended her life.

#### ATTENDED THEATRES

Until her failure in health in 1926, Miss Terry never failed to appear at first nights in London, and the tall, queenly old lady in black with black lace scarf draped over her silver hair, was always rapturously applauded when she entered her box.

Miss Terry knew how to age gracefully. She never feigned youth. In grays and blacks she was a radiantly beautiful figure in her seventies, as she was decades ago when Whistler and other artists competed for the honor of painting her portrait.

### Toronto Physician Put End to His Life

Toronto, July 19.—Suffering from a nervous breakdown, Dr. Charles M. Anderson, director of the division of laboratories of the department of health of Ontario, died at his Summer home at Burritt's Rapids, Ontario, yesterday, as a result of his jugular vein being cut. It is believed the wound was self-inflicted with a safety razor blade. He was thirty-seven years old.

### Al Smith Meets New Opposition in U.S.

Chicago, July 19.—The old evils are reappearing in Canada despite the liquor control laws. The Women's Christian Temperance Union of the United States declared in a bulletin issued to-day in opening a campaign to prevent Governor Al Smith's election as president of the United States. It states the Canadian liquor laws are more liberal and the saloon is coming back in the form of clubs or restaurants or wine rooms.

### FOUR CONSERVATIVES CHOSEN BY VICTORIA

H. HAYWARD

JOSHUA HINCHLIFFE

J. H. BEATTY

H. D. TWIGG

### PEACE APPEAL MADE IN MEXICO

Mexico City, July 19.—A call to Mexicans not to allow the assassination of General Alvaro Obregon, President-elect of Mexico, to plunge the nation into civil war and anarchy again was sounded in an editorial in Excelsior, a Mexico City newspaper, this morning.

## Premier MacLean Prepares To Resign Without Delay; Tolmie Is Ready For Call

### ELECTION RESULT AT A GLANCE

Latest tabulation of the situation in the forty-eight ridings of British Columbia following yesterday's elections shows:

Liberals elected—Alberni, Cranbrook, Nanaimo, New Westminster, Revelstoke, Yale, North Vancouver, Omineca—Total, 8.

Liberals leading—Columbia, Kamloops, Revelstoke, Prince Rupert—Total, 4.

Conservatives elected—Burnaby, Chilliwack, Cariboo, Comox, Cowichan-Newcastle, Delta, Dewdney, Esquimalt, Grand Forks-Greenwood, The Islands, Nelson, North Okanagan, Richmond-Point Grey, Rossland-Trail, Saanich, Salmon Arm, Similkameen, South Okanagan, South Vancouver, Vancouver City (six seats), Victoria City (four seats)—Total, 29.

Conservatives leading—Atlin, Creston, Fort George, Kaslo-Slocan, Lillooet, Mackenzie, Skeena—Total, 7.

Labor elected—Fernie.

#### CREST FOR CRUSADERS

Toronto, July 19.—Field Marshal Viscount Allenby has forwarded his autographed letter granting permission to use his crest on the standard of the Lord Allenby Conclave of the Most Noble Order of Crusaders. This conclave is at Vancouver, B.C.

## Victory and Defeat Sit Lightly On B.C. Political Leaders

Victory and defeat failed to-day to disturb the spirits of British Columbia's two political leaders. Premier MacLean went quietly on with his work at the Parliament Buildings after his Government had been swept from office yesterday, while Premier-designate Tolmie was up bright and early at his farm as if nothing unusual had happened to him in the last twenty-four hours.

When newspaper men called upon the Premier this morning, wondering how he would take defeat and the shattering of his personal plans, they found him busily signing teachers' certificates in his capacity of Minister of Education, as if this were an ordinary day in the life of the Government.

"These things must be done you know," he laughed, "but the public has been good enough to give me a long holiday, which I will start soon."

The Government leader showed plainly that defeat has left no bitterness with him. To people who called upon him and telephoned him from all over the Province he was as cordial and jolly as usual.

He heard the election results, last evening by radio with a group of personal friends, and enjoyed a good night's rest afterwards, having first sent messages by wire to Liberal candidates all over the Province.

(Concluded on page 2)

## Conservatives Win Nine Out of Eleven Seats On the Island

### Liberals Retain Nanaimo and Gain Alberni; Solid Four in Victoria Led by Reginald Hayward Are Returned in Victoria, Although Liberals Led in North Wards of the City

Including the solid four in Victoria, Conservatives won nine out of the eleven Vancouver Island seats in yesterday's election.

In the last House the Conservatives had ten seats from this Island. The gain this time was in Comox, which went over to the Conservative column, after being represented for the last four years by an Independent Liberal.

In Victoria, Premier MacLean went down to defeat with his three Liberal running mates, but the feature of the election in this city was

Conservative Administration to Be Installed Inside Next Thirty Days, Following Landslide Against the Government; Premier Will Not Remain in Office Hour Longer Than Necessary to Clear Up Business; Tolmie Prepared to Form Government as Soon as Administrator Summons Him

## Sweep Of Opposition Covers Whole Province

Twenty-nine Conservatives, Six Liberals, One Labor Man Elected Up to Late Hour This Afternoon; Opposition Candidates Leading in Six Ridings and Liberals in Six; Four Cabinet Ministers Appear Elected and Three Defeated; House Expected to Have About Thirty-five Conservatives Against Opposition of a Dozen

With the Conservative Party assured of about thirty-five seats in the Provincial Legislature against a total Opposition of about a dozen, Premier MacLean prepared to-day to hand the Government of the Province over to Hon. S. F. Tolmie, victorious Conservative Leader.

Within the next month the Conservative Party will be in office again in British Columbia after twelve years of Opposition. Premier MacLean announced that he would not retain his position a moment longer than is necessary to clear his desk of outstanding business, and Premier-designate Tolmie declared that he was prepared to form a Cabinet as soon as he was called upon to do so by Chief Justice Macdonald, Administrator.

Up to a late hour this afternoon the results of the Conservative landslide last night had crystalized pretty clearly in most places, but as The Times went to press twenty-nine Conservatives, eight Liberals and one Labor man were definitely elected. Conservatives were leading in seven ridings and Liberals in five.

The count under way in the remaining constituencies seemed to indicate that there would be ten or eleven Liberals in the next House, making a total Opposition of twelve or thirteen. With some results close, the final outlying polls may effect minor changes. The final official count of August 8 also may alter the standing of the parties in one or two ridings.

### COVERS ALL BRITISH COLUMBIA

The Conservative sweep by to-day had covered the entire Province, just as the Liberal sweep did in 1916. Deciding that they wanted a change, British Columbia electors turned Liberals out of their old strongholds while endorsing Conservatives in all but one riding held by them in the last Legislature. The chief feature of the slide was the election of four Conservatives in Victoria and six in Vancouver, no Liberal having a look-in in the two cities.

In the interior the Conservative Party held the Okanagan Valley solid, capturing the Liberal seat of Grand Forks-Greenwood, held Trail-Roseland, but lost Cranbrook, the most surprising feature of the interior poll.

In Kamloops the result was still in doubt, while the outcome of the poll in Kaslo-Slocan was still undecided, with a Liberal leading in Kamloops and a Conservative in Kaslo-Slocan. Labor captured Fernie, while Liberals apparently are holding Columbia, Mr. Speaker Buchanan's riding, and Revelstoke, the constituency of Hon. W. H. Sutherland, Minister of Public Works. Salmon Arm went Conservative. In Cariboo the Conservative candidate was elected.

In the North Hon. T. B. Pattullo, Minister of Lands, led in Prince Rupert, Attorney-General Manson was elected in Omineca. Conservatives led in the old Liberal seats of Atlin, Prince George and Skeena.

#### SWEEP VALLEY CLEAN

In the Fraser Valley the Conservative sweep was clean, defeating Hon. E. D. Barrow, Minister of Agriculture, in Chilliwack, A. D. Paterson, Liberal Whip, in Delta, and David Whiteside, veteran Liberal stalwart, in Dewdney. In Yale, however, a Liberal was returned. Around Vancouver Liberals fared no better, losing in Richmond-Point Grey, South Vancouver and Burnaby, which returned a solid block of Conservatives.

Hon. Ian Mackenzie, Provincial Secretary, was elected in North Vancouver. In Lillooet a Conservative was leading as in Mackenzie.

## LONDON SOCIETY WEDDINGS OFF

### Mrs. L. Tennyson—Changes Her Mind at Last Moment

London, July 19.—According to The London Daily Express, the Honorable Mrs. Lionel Tennyson, divorced wife of the poet's grandson, was to have married James Montgomery Beck to-day, but instead yesterday dramatically postponed the wedding and now has withdrawn the notice of marriage.

Mrs. Tennyson, who is a sister to Lord Glenconner, had told only a few intimate friends of the approaching wedding, which was to have taken place at the registrar's office at Paddington West, London, and had been kept a most closely guarded secret.

Mrs. Tennyson was married first in 1915 to Capt. Lionel Bethel, but the marriage was dissolved in 1918. She then married the Honorable Lionel Tennyson, grandson of Alfred Tennyson.

## TWO ONTARIO WOMEN GREATLY BENEFITED

Weakness and Nervousness Overcome by Lydia E. Pinkham's Vegetable Compound

helped me wonderfully. I have also used Lydia E. Pinkham's Sanative Wash and find it very good. I have no weak spells any more, the pains left me and my nerves are much better. I feel safe in saying that Lydia E. Pinkham's medicine has helped me wonderfully."—Mrs. Wm. H. Beech-Teller, Box 143, Fort Colborne, Ontario.

### Tired All The Time

"I took your medicine for a week, nervous and run-down condition. I had no appetite and had a tired feeling all the time. I had awful pains, headaches and backaches and the cramps were so bad that I would not work for a day or two each month. A girl friend of mine told me of Lydia E. Pinkham's Vegetable and I certainly recommend it highly for what it has done for me."—Mrs. E. S. Gable, Box 19, Uxbridge, Ontario.

MRS. Wm. H. BEECHTELLER  
Box 143, Fort Colborne, Ontario

"After having an operation, I was very miserable, weak, nervous and very near unfit to work. I saw Lydia E. Pinkham's Vegetable Compound advertised and tried it and believe it done for me."

Tell your friends what Lydia E. Pinkham's Vegetable Compound has done for you.

## NEW B.C. GOVERNMENT WITHIN A MONTH

(Continued from page 1)

On Vancouver Island Conservatives carried all seats but Alberni and Nanaimo. They held Victoria, Esquimalt, Saanich, The Islands and Cowichan-Newcastle, and added the former Liberal seat of Comox.

With the Maclean majority this is a victory for the Liberal Party.

**PREMIER'S FUTURE UNCERTAIN**  
Premier Maclean, back at his office and smiling in spite of his overwhelming defeat, announced only that he would take a month's holiday to think his plans over.

Whether he will continue as leader of the Liberal Party will depend upon his friends, he indicated. He made it clear that he would not seek to continue in office unless there was a demand on the part of his followers that he should do so. "I have not had time to think about things at all," the Premier said. "I don't know what I shall do. Nothing will be decided, of course, until the Cabinet returns to the Capital in the next few days and we can discuss our plans. It will take us several weeks to clear up our business here before we can resign. We want to leave our desks clear and in order for our successors. There is much correspondence and routine business to be attended to before we can hand over the business of the Province in good shape."

"But," he added emphatically, "we will not remain here one hour longer than is necessary to put business in order."

**BIG BUSINESS HALTED**  
Meanwhile the Premier arranged to stop all the larger executive functions of the Government. Only administrative matters will be carried on during the remainder of the Government's term. Nothing involving government policy will be instituted, the Premier said.

Officials of the Public Works Department suspended the award of all pending contracts in view of the Government's defeat, and this work will be left to the incoming Cabinet.

**IS FINE SPORTSMAN**  
Dr. Maclean showed himself in defeat to-day a model of sportsmanship. He took his beating with extraordinary good nature and entire lack of bitterness. He was as jolly as usual when he reached his office to-day to accept hundreds of messages of regret from friends all over the Province. It was evident that the defeat of his party had left little mark on him personally as he felt that he had done his best in office and during the campaign.

"These things come to every man in public life, and nothing can prevent them," he remarked to newspaper men who met him in his office. "The people I am convinced, voted against us not because they objected to our policy but simply because they wanted a change. Against such a sentiment, and such a landslide, nothing is effective, and nothing could have saved our party. I have no regrets whatever for the way I led the party in the last year and I can accept this defeat, as a result, with perfect equanimity. For my opponents I have nothing but the best wishes."

**TOLMIE IS READY**  
Hon. S. F. Tolmie, premier-designate of British Columbia, announced to-day that he was ready to form a Cabinet as soon as he is asked to do so by Chief Justice Macdonald, Administrator.

"We are ready as soon as we are called," said Dr. Tolmie, who was up bright and early at his farm this morning and showing no sign of the fatigue and exhaustion of the last few days. "Naturally," he added, "it will take the Government a little time to put its affairs in order before it resigns. When it is ready and as soon as we are called upon, we will be prepared to take office without any delay whatever."

Dr. Tolmie accepted his victory with his calm. For his friends he had warm thanks and for his opponents nothing but the friendliest feelings. "All the criticism and attacks of the campaign I forgot so far as I am concerned," he said. "That kind of thing rolls off me like water off a duck's back."

"From the day we take office," he declared emphatically, "we will give identical the same treatment to every man, whether he is a Conservative, a Liberal or the adherent of any other party. To me, all are citizens of British Columbia, who have decided to entrust me with leadership in the conduct of their affairs."

**PROMISES BEST SERVICES**  
"In fine weather and in rough days," he said, "I will be very busy with my very best services."

"I will bend every effort to live up to the highest hopes that have been placed in me. I hope I may not fail in the trust which the voters have reposed in me."

Dr. Tolmie was deluged with telegrams of congratulation from all over British Columbia and every part of Canada. Wires came from Hon. R. B. Bennett, Federal Conservative leader, and dozens of prominent Conservatives with whom the B.C. leader was associated during his term of office in Ottawa. Dr. Tolmie spent most of the day answering telephone calls of congratulation at his home.

**VANCOUVER'S VOTE**  
Vancouver, July 19.—Vancouver yesterday elected six Conservatives to the Legislature of British Columbia as follows:

R. C. Shelly, 16,359.  
R. L. Maitland, 15,502.  
Col. H. A. Walkem, 15,208.  
T. H. Kirk, 15,179.  
William Dick, 14,711.

The votes for the Liberal candidates were:  
Hon. D. Donaghy, 12,458.  
Mrs. Paul Smith, 11,334.  
Alfred H. E. Allen, 11,222.  
J. Pittsford, 10,743.  
P. W. Stirling, 10,601.  
Nicol Thompson, 10,565.

The votes for the other candidates were:  
Angus McInnes, Labor, 5,563.  
Robert Skinner, Labor, 3,973.  
G. C. Pelton, Ind., 985.

**FORT GEORGE**  
Fort George, B.C., July 19.—In the constituency of fifty give H. G. Perry, Liberal 1,007, and F. P. Burden, Conservative, 1,071.

**RESULTS IN CARIBOO**  
Vancouver, July 19.—Twenty-five out of fifty-six polls in the constituency of Cariboo, as reported in returns received here this morning, give Robert N. Campbell, Liberal 320; R. McKensie, Conservative 456; D. A. Stoddard, Independent, 306.

**KAMLOOPS VOTE**  
Kamloops, July 19.—With three polls

## ELECTED FOR ISLAND CONSTITUENCIES

L. A. HANNA  
Liberal, Alberni

C. F. DAVEY  
Conservative, Cowichan, Newcastle

GEORGE S. PEARSON  
Liberal, Nanaimo

to be heard from, the vote in the constituency of Kamloops this morning stood: J. R. Colley, Liberal, 1,327; J. R. Mitchell, Conservative, 1,387.

**SKEENA AREA**  
Prince Rupert, July 19.—With eleven polls out of twenty-nine reported at 5 a.m. to-day the vote in the constituency of Skeena stood: Dr. H. C. Winick, Liberal, 232; F. N. Dockerill, Conservative, 327.

**OKANAGAN CONSTITUENCIES**  
Vernon, B.C., July 19.—In the constituency of South Okanagan, with two small polls to hear from the vote this afternoon stood: D. W. Sutherland, Ind., Liberal, 1,928; and J. W. Jones, Conservative, 2,014.

North Okanagan, with two polls to hear from, gave W. G. Kennedy, Conservative, a majority of 450 over Dr. F. Kennedy, Liberal. The vote was: Kennedy, 2,184; Vankleek, 1,734; Howe, 121.

**SALMON ARM**  
Vancouver, July 19.—In the constituency of Salmon Arm, with six small polls to report and including the known absentee vote, R. W. Bruhn, Conservative, to-day led James Smart, Liberal, by about a thousand majority.

The vote: Bruhn, 1,596; Smart, 573.

**Mackenzie riding**—Twenty-three out of forty-eight polls gave W. J. Heath, Liberal, 921; M. Manson, Conservative, 949. Absentee poll, ten for Heath and twenty for Manson, included.

**ROSELAND TRAIL**—D. McDonald, Lib., ordinary vote, 1,113; absentee, 50; total, 1,163.

J. H. Schofield, Cons., ordinary 1,681, absentee, 67; total, 1,748.

**CARIBOO CONSERVATIVE**  
Cariboo—With but eight polls to report Rod. MacKenzie, Cons., can be conceded elected.

The vote was:  
R. N. Campbell, Lib., 400.  
B. MacKenzie, Cons., 600.  
D. A. Stoddard, Ind., 985.

**HON. IAN MACKENZIE ELECTED**  
North Vancouver—Complete without absentee vote: Ian Mackenzie, Liberal, conceded election; no change.

The vote was:  
Ian Mackenzie, 2,281.  
James Louie, Cons., 2,283.  
A. C. McMillan, Ind., 991.

**PRINCE RUPERT**  
Prince Rupert, B.C., July 19.—Sixteen out of twenty-two polls gave Hon. T. D. Pattullo, Liberal, 1,162, and James Thompson, Conservative, 1,097.

**BUCKHART LEADS**  
Golden, B.C., July 19.—With three polls and the absentee vote in the Columbia constituency to be heard from, Hon. J. A. Buckham, Liberal, was leading E. J. Scovill, Conservative, by a majority of eight. Mrs. Gladys Cross, Independent, was far behind.

**MCKENZIE IN SIMILIAMEN**  
Penticton, B.C., July 19.—W. A. McKensie, Conservative, former member of the Legislature, was elected in Similkameen over C. H. Tupper, Liberal, by a majority of more than 400.

The vote in two small polls to count

## CONSERVATIVES WIN NINE OUT OF ELEVEN SEATS ON THE ISLAND

(Continued from page 1)

Outside of the defeat of the Premier here, one of the surprises of the result in Victoria was the small vote of only 103 votes polled by Capt. Matheson, running as an Independent Conservative. Walter Inward, running as an Independent Labor, polled 293 votes, and Mr. A. McGregor, Independent Conservative, polled 336, while Joe North as a straight Independent, ran up to 347 votes.

Premier Maclean and the other three Liberals led in Wards One and Two, broke about even with the Conservatives in Ward Three, but went down badly in Wards Four, Five, Six and Seven.

**WHITTAKER GAINS VOTES**

One of the outstanding showings in the whole Province was the run which Norman Whittaker made in Saanich against Hon. S. F. Tolmie, with his prestige as Conservative leader and his name known nation-wide. Mr. Whittaker ran less than 500 behind Dr. Tolmie in the total, and actually led Dr. Tolmie by twenty-three votes in Ward Seven. At the last election, Hon. T. G. Coventry, who was then unknown politically, had a majority of 643 over the Liberal, F. A. Pauline, who was Speaker of the House. Besides that, at that time there was a Provincial in the field opposing Mr. Pauline. The vote last election was: Coventry, Conservative, 1,603; Pauline, Liberal, 950; Miller, Provincial, 749. Yesterday, without counting the absentee votes, Dr. Tolmie got 2,386 and Mr. Whittaker 1,794.

**POOLEY STRONG AS EVER**

In Esquimalt, R. H. Pooley gained over Mrs. Mary Ellen Smith, Liberal, what he claims as the greatest majority in the history of the riding since he has been in public life. He ran about two to one over Mrs. Smith. Frank Carlow, who fathered the Carlow charges, and was attacking both Liberal and Conservative parties, polled only a little over a score of votes. The result yesterday showed a great gain for Mr. Pooley in the riding. Yesterday he polled over 600 votes more than he did at the last election, when his vote was 1,303, against 379 polled by Carlow, his opponent then.

**NANAIMO HELD**

The Liberals held Nanaimo, the seat of the late Hon. William Sloan, where George S. Pearson yesterday had a majority of between thirty and forty over V. B. Harrison, Conservative. The two Independents, J. T. W. Place and I. Sampson, were far behind in the voting.

**ALBERNI TURNS LIBERAL**

Alberni, formerly held by Major R. J. Burde, Independent, swung over to the straight Liberal column, thus gaining the victory of L. A. Hanna, mayor, in Alberni and Port Alberni Mr. Hanna ran nearly two to one over P. Harrison, Conservative, while T. A. Barnard, Labor, of Nanaimo, proved to be not a serious competitor.

**DAVEY HAS BIG LEAD**

C. F. Davey maintained his hold on the Cowichan-Newcastle riding by leading Sam Guthrie, Independent, Labor, by over 650. Mr. Guthrie led in Ladysmith.

Dr. G. K. McNaughton, Conservative, in Comox, won a decisive victory over Mayor McKensie, Liberal, thus gaining this seat for the Conservatives. The seat was formerly held by P. F. Harrison, Independent Liberal.

Col. Cy Peck, Conservative, retained his seat for the Islands by defeating his old Liberal rival, M. B. Jackson, K.C., by nearly two to one.

## CHILLIWACK VOTE

Chilliwack, B.C., July 19.—Final election returns in the constituency of Chilliwack show: Hon. E. D. Barrow, Liberal, 2,074; Frank A. Brown, Labor, 1,376.

## SUTHERLAND ELECTED

Revelstoke, B.C., July 19.—Hon. W. H. Sutherland, Liberal, will represent the constituency of Revelstoke in the next Legislature of British Columbia. This afternoon, with only one small poll to report, the vote stood: Dr. Sutherland, 1,042; Adam Bell, Conservative, 744.

## VICTORY AND DEFEAT SIT LIGHTLY ON B.C. POLITICAL LEADERS

(Continued from page 1)

The man who led Conservatism to its greatest provincial victory since the days of Sir Richard McBride, accepted his success as if he were accustomed to winning elections every day. After a campaign which would have exhausted most men, Dr. Tolmie needed no extra rest to put him in to shape for the strenuous days ahead of him. He rose at his home early in the morning and answered hundreds of telephone calls from friends who were anxious to congratulate him. Under the pressure of a deluge of messages he maintained his usual quiet courtesy.

## Two Aviators In California Killed

Sacramento, Cal., July 19.—Corporal L. W. Bryant and Private E. D. Schutt, United States army aviators, were killed to-day when their aeroplane crashed a short distance from the Sacramento-Poison highway.

## KING WIRES REGRETS ON B.C. ELECTION

Rt. Hon. W. L. Mackenzie King, Canadian Premier, wired Premier Maclean here to-day as follows: "I hope you will not feel discouraged at yesterday's results. You put up a splendid fight under greatest possible handicap. I am particularly sorry for your personal defeat, and shall await final returns before attempting any expression of view."

**INDUSTRIAL DISCUSSION**

Melbourne, July 19 (Canadian Press Cable via Reuters).—The All-Australian Trade Congress, in session here, decided to accept the invitation of the Associated Chambers of Commerce and the Manufacturers' Association to attend a conference to discuss unemployment and industrial matters generally.

**NEW COAL AGREEMENT PLAN**

Indianapolis, Ind., July 19.—The United Mine Workers of America yesterday abandoned the Jacksonville scale as a basis for wage negotiations, in the bituminous coal fields and extended to each of its districts the right to effect settlements with coal operators upon a basis mutually satisfactory.

## Mears and Collyer, World Racers, Have Every Chance To Set New Travel Record

John Henry Mears and Charles B. D. Collyer with their mascot.

John Henry Mears and Charles B. D. Collyer, who left New York early on the morning of July 29 in an attempt to break the record for round-the-world travel have every chance of clipping about five days from the time set by Linton Wells and Edward E. Evans in 1926.

Evans and Wells circled the globe in twenty-eight days, fourteen hours, thirty-six minutes and five seconds. Mears and Collyer are now approximately twenty days and twelve hours out of New York and are only a few hundred miles from Victoria, crossing the Pacific on the Canadian Pacific liner Empress of Russia.

The two world racers will reach William Head quarantine station at 8 o'clock to-morrow night and will be in Victoria just over an hour later. From Victoria to New York they will fly in their aeroplane the City of New York and will have plenty of time to do it in to come within the twenty-five day time they have set themselves.

Special preparations have been made here for the expeditious handling of the world travelers. Immigration authorities will finish their duties with the men in fast time and no delay will be occasioned in the passing of the aeroplane by the customs.

Immediately on arrival of the Empress of Russia at the Outer Docks the plane will be swung over the side on to

the dock. The B.C. Airways Limited have made arrangements to rush the plane to their aerodrome near the Normal School where it will be tuned up by Wilbur Thomas, western representative of the Pratt and Whitney Aircraft Company arrived here yesterday for that purpose. The plane is a Fairchild cabin monoplane with folding wings which can be straightened in two minutes. It has a 410-horsepower Pratt and Whitney motor.

Plans of the world racers call for a hop from here to Seattle. It is thought probable the men will hop off from here for the Sound at daybreak on Saturday morning. They will take on 212 gallons of gasoline at the aerodrome here and it is unlikely they will have to take on more fuel in Seattle.

The Mears-Collyer journey has taken the two men over a hurried and interesting course in the Northern Hemisphere. From New York they crossed the Atlantic to Cherbourg on the White Star liner Olympic, gaining five hours at the start by flying out to the boat in a seaplane. From Cherbourg the pair flew to Paris, thence to Berlin, Moscow and across Siberia to Mukden in Manchuria. They boarded the Empress of Russia at Yokohama on July 12.

The big O.P.R. liner is completing a fast trip across the Pacific and will arrive here ten hours ahead of her schedule. This will enable the travelers to gain several hours over their schedule at the start of the trip across the North American continent.

Mears held the record for round-the-world travel for thirteen years prior to the trip of Evans and Wells in 1926. This record, made in 1913, was thirty-five days, twenty-one hours, beating the time of Andre Jaegerschmidt, a Frenchman who circled the globe in thirty-nine days, nineteen hours.

**Ladysmith**

Ladysmith, July 19.—A very enjoyable evening was spent at the home of Mrs. G. Metro when Miss Jessie Anderson, whose marriage will take place shortly to Ray Gold of Seattle, was the guest of honor at a miscellaneous shower. The rooms were artistically decorated with pink and white streamers and sweet peas. The early part of the evening was spent at cards and Mrs. E. Metro was the winner of the first prize and Miss Lila Anderson the second.

The bride-elect was presented with a pretty, delicately laden with many lovely gifts. Dainty refreshments were served, and the evening was brought to a close with singing and dancing.

Miss Violet Davis and Miss Bertha and Nellie Leafield have returned home from a motor tour in the States.

Miss Marion Davidson returned to Victoria on Monday, accompanied by her sister, Margaret, who will spend the holidays with her family in Victoria.

E. Inglis has returned to his home in Nanaimo after spending a holiday here with relatives.

Mrs. P. Pagan of Victoria, is visiting relatives here.

Mr. and Mrs. F. H. Griffin and children have returned home from a visit to Portland, Oregon.

## PACIFIC PLANE MEN DISAGREE

J. Warner and Capt. Harry Lyon of Australian Flight Divide in California

Los Angeles, July 19.—The Los Angeles Times says James Warner and Captain Harry Lyon, who were navigator and pilot of the California-Australia flight, respectively, have definitely split. According to Warner, the disagreement is attributable to personal, business and technical differences. Warner has moved from the Biltmore Hotel, where the two were stopping, to the Roosevelt Hotel in Hollywood, where he is credited with giving out the information that the breach between the two began soon after the epochal arrival of the Southern Cross in Australia from California with its crew of four, led by Capt. Charles Kingsford-Smith, Australian pilot.

The radio operator, who told in dots and dashes the story of one of the greatest flights in the history of aviation, and the navigator who unerringly charted the course, including the tiny spots in the immense Pacific that represented the all-important islands, fueling and rest points, together defied death but to-day are irreconcilable.

**NO MORE NEGOTIATIONS**  
Warner admitted that "there absolutely will not be any negotiations between him and myself, and I refuse to be a party to any other project which includes him."

That the two planned their futures along different lines was made plain upon Warner's removal from the hotel where both had been staying, and his subsequent engagement of two business managers.

In spite of previous denials, the breach between the two really began shortly after the arrival of the plane party in Australia, according to Warner, who stated that Lyon thereafter had paid little attention to him and that he had made friends of whom he, Warner, could not approve.

## Geological Survey Parties Map Out B.C. Work For Summer

Ottawa, July 19.—Twelve field parties from the Geological Survey will during this season continue the mapping of the coast of British Columbia into the geology and mineral resources of British Columbia, and one party in Yukon. Special attention will be directed to the investigation of geological formations affected by the intrusion of the Coast Range batholith, and to mineralized areas in the southeastern part of British Columbia.

Dr. Collins, director of the survey, announces that Dr. W. E. Cockfield will explore and map geographically and geologically an almost unknown portion of Yukon Territory drained by the Selkirk River. This area is within the eastern margin of the Coast Range batholith, contains outlying intrusions of granite, and is therefore of interest to prospectors.

Dr. E. A. Koster will this year conclude a similar exploration, upon which he worked in 1926 and 1927, of a practically unknown and difficult region drained by the lower part of the Skeena River and the Skeena and other tributaries of the Skeena. This region lies along the eastern side of the Coast Range batholith and some silver, lead and zinc-bearing deposits have already been found there.

R. Bartlett will make a topographical survey of portions of a quadrangle near Alice Arm that lies between latitudes 53 deg. 30 in. 55 deg. 45 in. and longitudes 122-130 deg. The area is geologically complex and contains a variety of mineral deposits, and the map is required as a basis for geological work.

Dr. G. Hanson will examine the geology of the area around the Skeena River and the Skeena and other tributaries of the Skeena. This is another section of the eastern margin of the Coast Range batholith of interest to prospectors.

Dr. G. Hanson and T. C. Friesmeyer will map geologically and examine gold and copper-bearing deposits in an area near Topley, on the Prince Rupert branch of the Canadian National Railway.

R. Marshall and N. F. G. Davis will conclude a geographical and geological survey of a little known area around Clearwater Lake, near latitude 52 deg. 30 in. and longitude 130 deg. Some discoveries of gold-bearing veins have been made by prospectors.

H. C. Gunning will explore geographically and geologically part of the rugged mountain region within the bend of Columbia River north of the main line of the Canadian Pacific Railway. Some mineral discoveries have been made there, and a road is being built northward from Revelstoke which will give easier access for prospectors.

H. S. Bostock will complete geological mapping of a quadrangle near Hedley, between 49 deg. 15 in. and 50 deg. 30 in. and longitude 119 deg. 30 in. 120 deg. A topographical map of this area has been made by the surveys branch of the British Columbia Department of Lands. Mr. Bostock will also investigate further the gold-arsenic deposits at and near Hedley, as well as other mineral occurrences.

Dr. C. E. Cairnes will complete detailed geological mapping of a quadrangle between latitudes 49 deg. 45 in. 50 deg. and longitudes 117 deg. 117 deg. 30 in. which includes most of Skeena mining camp. He will complete a detailed study of Skeena mining camp, upon which he has been engaged since 1926.

B. M. Steeves will begin a detailed topographical survey of a quadrangle between latitudes 49 deg. 49 deg. 15 in. and longitudes 117 deg. 117 deg. 30 in. This area contains Sheep Creek and other mining areas. The topographical survey is a preliminary to geological work.

Dr. J. F. Walker will study the deposits of silver-lead and other minerals in the above quadrangle. This will be followed, in a later season when the topographical map is available, by a detailed geological survey of the rock formations. Dr. Walker will also finish geological exploration of a strip of country about fifteen miles wide on the east side of Kootenay Lake centering around Crawford Bay. This work is intended to correlate geological information which Dr. Walker has ob-

tained since 1921 in the Windermere area to the east and the Laramie area west of Kootenay Lake. The area also contains deposits of gold, silver-lead and iron ores, which will be examined. A. C. T. Sheppard and A. C. Tuttle will make detailed topographical survey on a field scale of 800 feet to the inch of the coal mining area at Coal Creek, near Corbin, as a basis for the future geological study of this important and structurally complex coal basin. This work was commenced last year but interrupted by illness of Mr. Sheppard.

## National Museum Sends Expeditions To Western Canada

Ottawa, July 19.—The National Museum of Canada will, according to an announcement made by Dr. W. H. Collins, acting director, have several parties engaged in field work in Western Canada during the season 1928. Collections will be made for exhibition and for study, and scientific investigations will be carried on that cannot be conducted except in the field.

H. I. Smith, who has been investigating the ancient village sites, shell heaps and rock carvings of the Indians on the coast of British Columbia, will continue this work around Prince Rupert during the summer. During part of the season he will take motion pictures illustrating the manners and customs of some Indian tribes not represented in the four reels which he has already prepared for the National Museum, and which have proved so popular both in Canada and Europe.

J. C. Boileau, Grant, Professor of Anatomy in the University of Manitoba, is undertaking for the National Museum a thorough examination of the Indians at Fond du Lac, at the east end of Lake Athabasca. Besides making a complete series of physical measurements of both adults and children, he will carry out some blood tests in the co-operation of the Department of Health, to investigate the theory that the Indians separated from the rest of the human race before the human blood underwent the two mutations that seem to have occurred in the Old World.

C. B. Osgood will spend a year on the lower Mackenzie River, in the vicinity of Fort Norman, studying the social and economic life of the Indians and the traditions of the little known Hare and Mountain Indians who trade at that post. He will probably winter in the woods with the Indians, and return south in the summer of 1929.

Hugh M. Raup will make a botanical survey of parts of Wood Buffalo Park, south of Great Slave Lake. With the co-operation of the Northwest Territories and Yukon Branch, Department of the Interior, he will investigate the forest plants and range conditions in certain areas in the park.

Hamilton M. Laing will continue collecting mammals in Southern British Columbia in the region near the International Boundary line, beginning at Princeton, just east of the Cascade Mountains Divide, in continuation of the work carried on by him and C. H. Young in 1927 just west of that point. A number of species reach their northern limit of distribution near this line, and the field work of 1927 brought in several specimens of the Oregon mole, not heretofore recorded from Canada, and several other species which are of great rarity in this country. This region is of particular biological interest because of the extraordinary and sharply defined variety of climatic and topographic conditions which exist from east to west, and because it differs also in these respects from the country to the north, and these differences are reflected in the fauna and flora. Birds and other animals will also be collected.

C. H. Young will collect biological specimens in southern Manitoba, beginning at Freshwater, and working from there to the International Boundary line to Lake of the Woods. He will pay particular attention to the spread of certain species, as the Mississippi Valley pocket gopher, the Nebraska cottontail rabbit, and other forms which have been reported as extending their range into Canada from the states of North Dakota and Minnesota. He will also endeavor to obtain material for habitat groups of insects for exhibition in the museum.

C. M. Sternberg will collect fossil remains of dinosaurs and other extinct vertebrate animals from near Steepleville, in the valley of Red Deer River, Alta., and also from the Cypress hills,

in the southeastern part of Alberta. The Red Deer Valley is especially rich in vertebrate material, which is being slowly exhumed by erosion of the sides of the valley. It is the most productive collecting field in Canada and has already yielded much new and well preserved material to the museums at Ottawa, Toronto, Edmonton and New York.

## Trade of Canada Shows Increase

Ottawa, July 19.—Canada's foreign trade during June showed an increase over the corresponding month last year. Exports of Canadian products last month totaled \$107,121,091, against

\$105,678,453 the previous year. Imports were \$110,693,748 against \$101,018,566 last year.

**GIFT TO UNIVERSITY**

Paris, July 19.—The newspaper, Le Temps, says John D. Rockefeller Jr. has donated \$2,000,000 for the construction and furnishing of an administrative building for the University of Paris.

**BRITISH GENERAL ELECTION**

London, July 19.—The next general election in Great Britain will not come before next May, but it will come then or soon after, Sir Laming Worthington-Evans, War Secretary, declared in a speech last night.

## A DECISIVE RESULT

**THE DEFEAT OF THE GOVERNMENT**  
in the election yesterday was as decisive as that of its predecessor in 1916, when a House of 38 Conservatives, 2 Labor, and 2 Liberals was transformed into one of 37 Liberals, 9 Conservatives and one Labor. At this writing many constituencies are still in doubt, and it is impossible, therefore, to define the actual standing of the two parties. Another factor, too, is the absentee vote, which may alter the complexion of some districts. Enough is known, however, to assure a large majority for Hon. S. F. Tolmie in the Legislature, which will enable him to form a Government and operate his policies without any formidable obstacles.

The Government and its supporters looked for endorsement by the electors owing to a combination of conditions which they thought were more fully appreciated than they were shown to be. They had an excellent record of achievement, the province is in a prosperous condition; they had a constructive policy, their leader was an able, experienced and highly-respected public man and they had good candidates in the various constituencies. But the Government was old, and the slogan "time for a change" proved to be in this contest, as it has been in so many others, a more influential factor in determining the outcome than anything else. That factor was apparent in the result from the largest to the smallest and most isolated polling division. It necessarily follows, also, that a government as old as that which is about to go out of office must have aroused certain antagonisms which told against it in the election.

Hon. J. D. MacLean and his supporters have nothing to reproach themselves with in this contest. Their campaign was conducted on a high plane and in no case did they resort to unworthy tactics. Dr. MacLean himself was straightforward, sincere and statesmanlike on the platform, and his fine attitude in defeat is just what might have been expected of him. It is to be hoped that a seat will be found for him in the Legislature, where his sound judgment, ripe experience and ability will be needed in the public interest. It would be difficult for any country to find an able, more industrious and more conscientious administrator, and he has set a high standard of public service for his successor to maintain.

The Liberals accept their defeat in a sportsman-like spirit. To the victors they extend their congratulations. Hon. S. F. Tolmie, who will lead the new Government, like his chief opponent also conducted an exemplary campaign, devoid of abuse and personalities. While new to provincial politics, he has had extensive experience in public life in the wider field of Federal affairs. He has been a Minister at Ottawa, and while there is a marked difference between conditions prevailing in the two spheres, his knowledge of the province and his concern for its welfare should help him speedily to adapt himself to his new political environment. The Times trusts that he will form a strong ministry, without regard to political expediency or the importunities of aspirants whose chief qualification may be party service. A good start often means a successful trip, and the interests of the province, which are more important than the mere interests of any political party, require a strong and efficient administration. We should remember that with the growth of British Columbia there is bound to be an increase in the number and complexity of its problems of government.

The Times believes that the electors would have served their interests better by the return of the MacLean Government. But they have decided otherwise. They therefore should give the new administration every chance to get its sea legs on the ship upon which it is about to embark. The new Government will be exposed to criticism, of course, for that is the lot of all Governments, but the criticism should be helpful and constructive. The Government should be given a chance to do its best.

When the MacLean Government has turned over the reins of office to its successors it will have left a record of accomplishment in the interests of the country upon which it will be able to look back with justifiable pride. The details of that record already have been fully emphasized in these columns, and although the campaign is over, they have suffered no diminution in importance. Some of them have immeasurably improved the lot of the plain people of the province, and the Government will go out of office with the satisfaction that despite mistakes and imperfections inseparable from all human institutions it has done something greatly worth while for the province, and that it leaves to Dr. Tolmie and his colleagues much that will be of value to them in their task.

## A LARGE LIBERAL VOTE

**COMPARED WITH THE SHOWING** which the Liberal candidates made in this city in the general election of 1924, the support which the Government's standard-bearers obtained yesterday is more than ordinarily striking. In that contest the late Dr. Raynor headed the unsuccessful Liberal ticket with 4,138 votes, while Mr. Reginald Hayward headed the poll and the Conservative ticket with 6,127, or ninety-three votes less than Dr. MacLean polled yesterday to give him first place in the list.

In 1924, of course, four Provincial Party candidates were in the field, the leading contestant polling 2,477 and the low man 2,019. While the Conservative who led on that occasion, therefore, added only just a little more than one thousand votes to his total in this instance, the leading Liberal added more than two thousand. This comparison applies fairly evenly all through. It thus will be seen that of the votes which went to Provincial Party candidates on the last occasion the Government appropriated most of them in yesterday's contest. In other words, the leading Conservative in this election added 1,056 votes to his 1924 total as against 2,082 in the case of the leading Liberal.

A study of the result in Victoria by wards is interesting. In wards one and three the race was of a fairly even character. In ward two the Government candidates had the better of it; but in ward four the advantage was all with the Opposition standard-bearers. Ward five also gave them an approximate average of 250 majority in each case, with an average two to one result in ward six. In ward seven the difference was not as marked, although the margin piled up by the Opposition candidates in this ward was quite a substantial one.

Neither the Labor candidate nor the Independent woman Conservative candidate was a very serious factor in the contest. Mr. North headed the "outside" ticket with 847, with Captain Matheson running second with 703, Mr. North's total being less than half of what it was in 1924. The deciding wards, therefore, were wards four and five, six and seven, with their smaller rolls, supplying the additional votes to make victory sure for the Opposition party.

## MRS. SMITH

**IT IS TO BE REGRETTED THAT MRS.** Mary Ellen Smith has been eliminated from public life for the time being. She waged a good fight in a traditional Conservative stronghold.

It is fitting at this time to remember the services Mrs. Smith has rendered to the Province as a whole and in behalf of the common people of British Columbia in particular. The value of her influence in the Legislature can not be over-estimated. It has not always been a simple matter for her to impress the House with her views in regard to much of the legislation which has reached the statute books mainly as a result of her insistence. But she has never faltered and the Province has benefited accordingly.

It is to be hoped that the public life of Mrs. Smith is by no means closed. British Columbia has too few women of her talents, and we shall expect that at no distant date she will be heard from again and her services once more placed at the disposal of the Province whose interests she has so much at heart.

## MR. WHITTAKER'S FINE SHOWING

**ONE OF THE MOST INTERESTING** features of yesterday's contest on Vancouver Island was the excellent battle which Mr. Norman Whittaker put up against Dr. Tolmie. Out of a poll of just a little more than four thousand the Liberal candidate obtained nearly eighteen hundred, the majority of Dr. Tolmie being 492.

Mr. Whittaker has every reason to be proud of the support which he attracted to himself. In the leader of the Conservative Party he had a formidable opponent who not only is well known throughout the riding, but who also is popular with all the voters, irrespective of political affiliation. It is no secret that the Administration scarcely expected to capture Saanich; but the result should be highly encouraging to the unsuccessful candidate. It was his first venture into the political arena, and he could not have selected a more difficult task if he had tried.

We may assume that the very liberal support which Mr. Whittaker obtained is his reward for a campaign conducted on a high plane. From the moment he was nominated some months ago until he delivered his final speech he applied himself to public issues and avoided all semblance of unbecoming tactics. Dr. Tolmie has known him from childhood and not the least-prized compliments paid to Mr. Whittaker will be the kindly references made to him by his victorious opponent.

## WHAT OTHER PAPERS SAY

**CROWDS AND MOBS**  
The London Observer

The term "mob," once the commonplace of alarmist reaction, has now vanished from our political vocabulary. Democracy, tolerant of so much, cannot admit mob rule. The Communist is the ring-leader of the mob, but the democratic hero leads a crowd, and it is because our greatest gatherings are always crowds and never mobs that the hope of constitutionalism in this country is sure.

## A THOUGHT

We walk by faith and not by sight—2 Cor. v. 7.  
Faith is the vital artery of the soul—Watson.

## BRIDGE MADE EASY

by W.W. Wentworth

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10.)

### RAISING PARTNER'S BID

When your partner bids one, two, three or four, you may raise his bid one and a half quick tricks. For every half quick trick above 1½ that you hold in your hand you are justified in raising your partner's no-trump, once.

Applying the foregoing principles to the following illustrations, assume your partner has bid no-trump and second hand has bid two spades. Holding the hands described below you should proceed as follows:

1—Spades A X X; hearts K X X; diamonds X X X; clubs X X X. You merely hold normal strength—1½ quick tricks. Your hand is not therefore strong enough to raise.

2—Spades K J X; hearts K Q X; diamonds Q J 10; clubs J X X X. You hold a stopper in spades and 2½ quick tricks. You may therefore raise your partner's no-trump twice if necessary.

3—Spades X X X; hearts A K; diamonds J X X X; clubs Q X X X. You do not hold any stopper in spades. Do not raise.

4—Spades A J X; hearts Q J 10; diamonds X X X; clubs Q X X. You hold two stoppers in spades. Although the hand does not contain fully two quick tricks, you may raise once in view of the two stoppers in opponents' suit.

5—Spades X X X; hearts K J X; diamonds A Q X; clubs K Q X. You hold no stop in spades, but great strength in other suits. In spite of the fact that you do not hold a stop in spades you may raise once because opponents may not make more than four suit tricks in spades and furthermore, if they should bid three spades, you are in an excellent position to penalize them with a double.

The essential requirements for raising partner's suit bid are, first, normal support in trumps and second two aces or kings.

Over eighty per cent of initial suit bids are made on suit containing more than one ace or king. The bidder logically expects to find some cards of the declared suit in partner's hand. If the declarer controls more than seven trumps, game is seldom possible.

The trump-support that your partner normally expects to find in your hand and on which your partner relies in making the initial bid consists of trumps as good as A X X X, Q X X or X X X, known as normal trump support.

## The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, July 19—4 a.m.—The barometer remains high on the coast and rain is falling over the interior. A.C. and showers have occurred from Kamloops eastward to Manitoba.

### Reports

Victoria—Barometer, 30.05; temperature, maximum yesterday, 62; minimum, 52; wind, 6 miles W.; rain, trace; weather, cloudy.

**Hanging Brooms**  
Brooms, long-handled brushes and mops should all be hung off the door to protect the floor. Insert screw eyes into handle ends.

## JOTS FROM GEOGRAPHY

**LAKE OF LUCERNE**, one of Switzerland's chief beauty spots, with its majestic snow clad mountains and waters of deepest blue, is also the scene of many interesting legends. It was in this region that William Tell had his adventures with the Austrians. On the far side of Lake Lucerne is a strange tunnelled road, in the Axenstrasse, which skirts the lake.

**KING TALKS WITH BYNG**  
London, July 19—King George yesterday received Gen. Viscount Byng, commissioner-designate of the Metropolitan Police, at Buckingham Palace. They remained for some time in private conversation.

**EXPLOSION KILLED BOY**  
Fleming, Sask., July 18—Gordon Freeman, eight, lost his life and his younger brother and sister were injured by a gas explosion which occurred at the Freeman farm home. They were playing with matches near a gasoline tank, believed to have been empty. There was a deafening explosion, which tore out the side of the shed.

## THANKS VOTERS

To the Editor:—Kindly allow me space to express my thanks to the Liberals of Ward Two of the Victoria Electoral District for the creditable manner in which they turned out to vote on election day, and gave the ward a substantial Liberal majority.

R. SMITH,  
Secretary Ward Two Victoria Liberal Association.

## PROUD DAY IN MY LIFE, SAYS DR. S. F. TOLMIE

**Successful Leader Gets Great Demonstration at Party Headquarters**

Joy reigned almost unconfined at the Conservative campaign headquarters in Amphlett Hall, Yates Street, as the election returns began to flow in indicating a Conservative sweep.

The four Conservative city candidates were almost overwhelmed with congratulations extended by hand-shaking and back-slapping.

Half way through the evening, Hon. S. F. Tolmie arrived from Saanich, and this was the occasion for a wild outburst.

Finally, F. C. Elliott, president of the Victoria Conservative Association, got some order and quiet.

"This is the proudest day of my life," Dr. Tolmie said. "The Conservative Party is coming back into its own in British Columbia."

"The victory of my four colleagues in Victoria, running against the Premier of the Province, has set a splendid example to the rest of the Province. A deed set was made to split the Conservative vote in this city, but the results show that the attempt signally failed."

Messages of congratulation were received by Dr. Tolmie from F. F. Taylor, leader of the Conservative Party in Manitoba, and from Hon. H. H. Stevens of Vancouver.

**GIVES CREDIT TO WORKERS**  
Before coming into town, Dr. Tolmie heard the returns in his own Saanich riding committee rooms, where he received 2,268 votes against 1,794 polled by Norman W. Whittaker, Liberal.

"I do not know any other place where a man could be elected with the candidate himself away from it," Dr. Tolmie said. "I deserve no credit for the victory in Saanich, for I have been obliged to be absent from the riding ever since the campaign began."

"It has been a great pleasure to find men and women with whom I have been acquainted all my life coming forward and lending me assistance in the fight that has taken place. I do not think I can thank those who have been working so hard in our interests. It will be my highest aim to serve you and at any time you desire my services, I hope that you will make your requests known to me."

"I am particularly anxious to have a good working majority, so that I may carry out the policies that I have in mind for the good of this country and the prosperity of Canada."

**PRaises OPPONENT**  
One of the first outside messages of congratulation to Dr. Tolmie came from Mr. Whittaker, his Liberal opponent in Saanich. This message read: "Allow me to offer my congratulations on your victory."

Dr. Tolmie said that perhaps none of the expressions of congratulation gave him more satisfaction than the one from Mr. Whittaker, and that it showed a sportsmanship that was highly creditable. He said that he had known Mr. Whittaker all his life, had gone to school with his father and knew his grandfather, and that the family was an old one in the community and was well respected.

**CANDIDATES SPEAK**  
At the city Conservative headquarters, Mr. Elliott called on the successful Victoria candidates.

R. H. Pooley was greeted with tremendous cheering. He called attention to the fact that his majority over Mrs. Mary Ellen Smith was the largest majority in the history of his connection with the riding.

Major Gus Lyons declared that it was all "a wonderfully happy day for me." Hon. T. G. Coventry and others made short speeches, praising the work of Dr. Tolmie.

**EXPLOSION KILLED BOY**  
Fleming, Sask., July 18—Gordon Freeman, eight, lost his life and his younger brother and sister were injured by a gas explosion which occurred at the Freeman farm home. They were playing with matches near a gasoline tank, believed to have been empty. There was a deafening explosion, which tore out the side of the shed.

## SPECIAL POLICE TO INSTRUCT AUTO DRIVERS

Measures Will Be Taken to Familiarize Motorist on Arterial Highways

In a final effort to familiarize the motorists of Victoria with the new arterial highway system the Board of Police Commissioners at their meeting held yesterday afternoon decided to place special police officers at the crossings to inform the motorists with the workings of the law.

Since the adoption of the new highway plan and publicity has been given the new law, accidents in Victoria have decreased forty to fifty a month, Commissioner Walter Stanstead declared.

Members of the police force whether on duty or not must do everything to enforce the new law, Commissioner Stanstead said. "If I see a police officer standing on a corner and he lets a car go past the stop signals I will have to ask the mayor to suspend him," the commissioner stated.

**FUTURITY ON ACCIDENTS**  
Mr. Stanstead also declared considerable criticism had been laid against the commission for not giving statements to the press on automobile accidents.

"It is absolutely necessary that the public be informed on accidents, and the chief should give the press a candid report on all major mishaps," Mr. Stanstead asserted.

Mayor J. Carl Pendergast, chairman of the commission, in speaking on the arterial highway question declared the new law would be more dangerous than ever if not enforced.

A communication was read from O. C. Bass, pointing out the dangerous practice of motorists parking on both sides of Bastion Street in the narrow portion near the courthouse.

Mr. Stanstead moved a resolution be forwarded to the City Council asking them to remove the shrubs in the centre of Bastion Street and use the space for the parking of cars.

The chief's report for the month of June was as follows:

Convictions in Police Court 102  
Sent for trial 1  
Discharged 1  
Found in gambling house 60  
Safekeeping 23

Totals 194  
Received for use of patrol, none.  
Number of calls for patrol, 226.

**FINES AND COSTS**

Assault 15  
City by-laws 8  
Found in gambling house 60  
Government Lq. Act (drunks) 175  
Governments (other infractions) 300  
Highway Act 5  
Indian Act (drunks) 10  
Motor Act 190  
Opium and Narcotics Drug Act 40  
Total 884

Total 884  
Number of accidents, etc., to persons, twenty-four.  
Number of cases in which "First Aid" rendered, seventeen.

**MOTOR ACCIDENTS**  
Number of persons reported killed or having received fatal injuries, none.  
Number of persons reported receiving serious injuries, one.  
Number of persons reported receiving slight injuries, 21.

Seriously injured—Thomas Jones, pedestrian struck by auto.  
Slightly injured—J. M. W. Scott and Mrs. C. Beeston, two autos colliding.  
Slightly injured—Mr. Taak and Mitau Watanabe, pedestrians struck by auto.  
Slightly injured—Wong and George Bone, auto and cyclist colliding.

**CONFESSIONS**  
Auto colliding with pedestrians 105  
Auto colliding with bicyclists 6  
Auto and cyclist colliding 8

Total 119  
**NON-COMPELLABLE**  
Autos and street cars colliding 5  
Autos colliding with fences, poles, etc. 7  
Autos running over dogs 1  
Autos colliding with unattended bicycles 1  
Autos overturning 2

Total 16  
**INQUESTS**  
June 5, William Martin, found dead in room; natural causes.  
June 7, William H. Jones, found dead in house with throat cut; suicide.

**DISTRICT CUB CAMP**  
Third Victoria, St. Mary's South and North Cubs have just returned from their period at the Wolf Cub Camp which is being held at the Gorge Scout grounds.

The Cubs all report a splendid time, the days having passed all too quickly in hiking, tracking, swimming, cricket and other games. Every evening each group under their cub instructors, Scouts John Gornall, Ralph Rice-Jones, Will Marshall and Norman Phipps, put on splendid entertainments at the campfire. The district commissioner was a welcome guest, and the many parents and friends of the Cubs who took advantage of Sunday afternoon as visitors' day.

During the camp the following Cubs received their first proficiency stars

which they had to earn in order to go to camp: Gornall, Fred Gornall, St. Mary's North; David Boyd, Frank Mantell and Ronald Mayell of St. Mary's South.

Second David Muir of St. Mary's North, passed his second star test and received his star and promotion to sixer of the Timber Wolves. Sixer Breton Murdoch received his collector's badge.

H. Kelas, Labie, Stark, Slater and Hilliard were in charge of the camp. The Rev. L. de L. Nunn very kindly conducted a service for the Cubs on Sunday morning.

## LIBERALS HERE EXPRESS THANKS TO SUPPORTERS

Party Nominees Not Down-  
Hearted Over Election Re-  
verses in City

Defeated Liberal candidates in Victoria thanked voters who had supported them at a meeting in the Sons of Canada Hall, last night. They said they had no regrets over the campaign they had conducted and expressed the hope that four years from now their party would be victorious in this city.

Alderman R. A. C. Dewar thanked Liberal workers for their faithful services during the campaign. "Our handicap was probably too big, but we are not downhearted, and will come back strong at another time. We have no regrets in that we staged a clean fight, and I don't think we made any political enemies. In another four years things will probably be different and on that occasion it will be the Liberals who will be doing the cheering," he said.

**STILL SMILING**  
William T. Strath said: "We're all smiling, in spite of defeat. We may be down, but we're never out. The vote is satisfactory, for at the last election the Conservatives had 2,000 votes over us, and the Progressives had 2,000 votes. We have cut this 4,000 down to a meagre 500, and at the next election we will undoubtedly reduce that majority and we will have a margin of 1,500 to the good," he declared, amid cheers.

**REGRETS PREMIER'S DEFEAT**  
Mr. Strath regretted that Premier MacLean had not been elected, especially in view of his fine sportsmanship in giving up a safe seat in Yale to run in Victoria.

Mark W. Graham said the Liberal candidates in Victoria had little to feel badly about as the whole Province had gone Conservative. The Liberal candidates here had waged a clean fight, he said, and he thanked all those who had supported them.

## Langford

Langford, July 19.—Mrs. Charles Willard and her infant daughter have returned from St. Joseph's Hospital to their home on Goldstream Road.

Mrs. George Eldridge of Station Road picked peaches of the "Hale Early" variety on July 11 on the south side of her house. The fruit is exceptionally large and delicious in flavor.

Miss Inez Leedam is visiting her sister, Mrs. Charles Willard of Goldstream Road.

Mr. and Mrs. R. W. Watson of Victoria are staying at their summer cottage on Leigh Road, Langford Lake.

A handicap tournament is being arranged by the committee of the Langford Tennis Club. Ladies' doubles, mixed doubles and singles will be played. It is requested that entries be sent to the secretary, A. Norman Brown, as soon as possible.

Mrs. S. C. Sellens and her son have returned from a visit to Vancouver to their home on the Station Road.

Mr. and Mrs. Ernest Goucher and Miss Kathleen Goucher have left for a motor trip to Seattle.

Miss Billy Neal of Victoria, is visiting Miss Marian Goucher.

Mrs. Frank Smedley entertained some friends on Monday afternoon in honor of her daughter Margaret's thirteenth birthday. The children present were Betty and Margaret Smedley, Stella and Ellen Hincks, Pauline and Barbara Evans, Glenys Smedley, Oswald Hincks, Rodney Bayles and Howard Smedley.

Mr. and Mrs. Will Burnett are on their honeymoon from Santa Cruz, en route to Courtenay.

Langford, July 19.—Mrs. Gross and son and daughter, from Vancouver, are dwelling in T. Lumsden's bungalow on Leigh Road, Langford Lake, for the summer.

Nine girls attended the first dress-making class held on Tuesday morning at the home of Mrs. Lorne Rogers, Goldstream Road. The series will continue twice a week, on Tuesday and Friday mornings, during the holiday season.

A fête and garden party will be held on Wednesday, July 25, at "Marshwood," through the kindness of Mrs. D. B. F. Bullen, in aid of the funds for the Queen Alexandra Solarium. There will be a candy stall, ice cream, and a fish pond for the children.

## Brentwood

Brentwood, July 19.—Miss Myrtle Snider, after months' hospitalization, has so far recovered as to be able to return to her home.

Wilbert Murdoch of Oak Bay is spending a holiday as the guest of Jack Rutland, Clarke Avenue.

The Misses Doris and Margery Forest of Winnipeg Beach, Man., who have been visiting their aunt, Mrs. L. H. McQueen, Verdier Avenue, for the last week, have left for Seattle and will tour California before returning to their home.

B. Lyons of Florida is the guest of Major and Mrs. McQueen, Verdier Avenue.

Master Eric Hamber of Victoria is visiting Roddy MacLean.

Mrs. Stethbridge of Edmonton is visiting at the home of Frank Renouf, Beach Drive.

P. Renouf left to-day for Fort Saskatchewan where he will visit friends for several weeks.

## Goldstream School Annual Meeting

Goldstream, July 18.—The annual school meeting was held on Saturday evening.

The retiring trustees, H. McKnight, was re-elected to the board and will serve for three years, with F. C. Blake and W. Coughman, who comprise the school board.

E. Steinburg was re-elected auditor for the ensuing year.

The teacher's salary was fixed at \$900.

## HOSIERY STORES ARE PROSPERING

B. M. Clarke Says Conditions Excellent Throughout Canada

Back from a Dominion-wide business trip Mr. B. M. Clarke of the B. M. Clarke hosiery stores of Victoria and Vancouver, confirms the recent statements of other prominent business men concerning the prosperity of the whole Dominion. Mr. Clarke visited Montreal, Toronto, other Ontario cities and Winnipeg as well as the hosiery mills and lingerie manufacturers with whom he deals direct.

"Undoubtedly," says Mr. Clarke, "1928 retail business will exceed 1927, especially for those retailers who are able, like ourselves, to cut the cost of distribution by dealing direct with the actual manufacturers. In our stores the customer has the satisfaction of knowing that selling expenses is reduced to the minimum, wholesalers being eliminated with the result that we are doing an ever-increasing business on account of the values offered."

This week commences the nine-day semi-annual clearance and stock-taking sale at the B. M. Clarke store in this city. The exceptional bargains both in lingerie and hosiery will undoubtedly help to secure the volume of business that Mr. Clarke confidently expects.

## PRETTY WEDDING AT CENTENNIAL

Miss Clarice Buckler and Edwin H. Pendray Married

The Centennial Church, George Road, was the scene last evening of a pretty wedding when the Rev. J. S. Westman officiated in marriage. Clarice Elida, youngest daughter of Mr. J. W. Buckler, 225 Quebec Street, and the late Mrs. Buckler and Edwin Harold Pendray, son of the late Mr. James Pendray of Cornwall, England, and of Mrs. E. M. Pendray of Victoria.

For the happy occasion the church had been decorated by friends of the bride with the profusion of Summer flowers, and during the ceremony the bride party stood under an archway of white flowers.

The groom was supported by his father, the bride wore an imported French gown of white georgette, fashioned with skirt of silk fringe and trimmed with a gown of peach georgette. She wore a silk net veil attached to her head in coronet style and held in place by a circlet of orange blossoms with clusters over each ear. Her bouquet was a shower of bridal roses and greenery.

Mrs. Frank L. Tupman, sister of the bride, was matron of honor and carried a bouquet of peach blossoms. The bridesmaids were Miss Myrtle Tupman, niece of the bride, was flower-girl and carried a basket of sweet peas.

The groom was supported by his brother, Mr. W. Hugh Pendray and the ushers were Mr. G. S. Eden and Mr. Frank Hall. During the signing of the register Mr. Frank Tupman sang "O Perfect Love," accompanied by the organist, Mrs. Paul Green, who played the wedding march.

Following the ceremony, a reception was held afterwards at the home of the bride's father, where Mrs. Pendray and Mrs. J. S. Eden, assisted in receiving the guests. The bride and groom were surrounded by the relatives and intimate friends of the contracting parties.

Among the many handsome wedding gifts was a case of Community silver from the office staff of the Victoria Machinery Depot, of which the bride has been a member for a number of years.

Mr. and Mrs. Pendray left on the midnight boat for the mainland and will later make their home in Victoria in James Bay. For traveling the bride wore a frock of champagne georgette with cloak of beige charmeuse and moiré picture hat to match.

## MEMORIAL FUND TO LATE QUEEN NOW \$1,165,000

Queen Alexandra's Nursing Charities to Be Aided; Statue Designed

London, July 19 (Canadian Press Cable)—The fund contributed by Britons the world over for a national memorial to Queen Alexandra has reached a total of \$1,165,000. The visible memorial will take the form of a bronze group designed by Alfred Gilbert and it will be erected at Marlborough House opposite St. James Palace, but the bulk of the fund is to be used to extend the present nursing facilities and include the nurses' pension fund.

At a quiet wedding performed Tuesday afternoon in St. John's Church by the Rev. P. A. Chadwick, Mrs. Catherine Menden was married to Mr. Donald MacRae. They were attended by Mr. and Mrs. Thomas Thompson of Victoria. After a short honeymoon, Mr. and Mrs. MacRae will make their home in Victoria.

## ROMANCE OF PEER COMES TO AN END

Lord Ashley Repudiates Responsibility For Actress-wife's Debts

London, July 19.—The newspapers carry a notice from Lord Ashley, heir of the Earl of Shaftesbury, dated July 16, that he does not hold himself responsible for any debts incurred by his wife after that date, and that she has no authority to pledge his credit.

A little more than a year ago, Lady Ashley, who was formerly Sylvia Hawkes, a leading actress on the London stage, and Lord Ashley figured in one of the most romantic marriages in recent years, the wedding taking place despite an eleventh hour attempt of the Earl and Countess of Shaftesbury to dissuade their son from what they regarded as a mesalliance.

Mrs. A. D. McKee entertained at luncheon at 211 Howe Street Monday evening by Miss Rita Williams and Mrs. Paradise. The guests included Mrs. C. E. Thomas of Victoria, Mrs. Hendrie Leggat, Mrs. E. P. Davis, Mrs. E. W. Hamilton, Mrs. C. M. McMillen, Mrs. J. W. Kerr, Mrs. J. M. Lefevre and Mrs. Norman Lang.

# TILDEN IS KROPPED FROM TEAM

## Violates Amateur Rule And Cannot Appear In Matches Against Italy

United States Tennis Star Charged With Writing About Wimbledon Tournament While Playing In It; "I Refute All Charges But, as Usual, in Vain," He Says; United States May Have Trouble in Overcoming Italy in Inter-zone Finals Without Tilden's Services

Paris, July 19.—William Tilden was dropped from the United States Davis Cup tennis team today.

The veteran star was dropped, Joseph Weir, chairman of the American Davis Cup committee said, because he had violated the amateur rules in writing about the Wimbledon tennis tournament while playing in it. Tilden said:

"I refute all charges. I have protested, in vain, as usual. The orders come from New York and I know nothing about them."

### COMPLETE CHANGE

Tilden's removal caused a complete change of the United States team. Francis T. Hunter and John Hennessey will carry the burden in the singles and George Lott and Hennessey will team in the doubles.

Previously it had been planned to play Tilden and Lott in the singles and Lott and Hennessey in the doubles in the inter-zone against Italy opening to-morrow.

### MAY NOT REACH FINALS

With Tilden off the team, the United States may not even reach the challenge round in Davis cup competition this year. The Italians, led by Baroni, H. L. De Morpurgo, were good enough to eliminate such strong teams as Australia, Great Britain and Czechoslovakia in European zone play. They would have to "set up" for the Americans even if Tilden played.

From present indications, the chief burden will fall upon Hunter in the inter-zone finals, which determines whether the United States team will gain the right to challenge France for the historic tennis trophy.

### CHAIRMAN RESIGNS

Chairman Weir, of the committee, has cabled his resignation because of Tilden's removal. He demanded that it be effective as soon as the team returned.

London, July 19.—Dropping of "Big Bill" Tilden from the American Davis Cup team on grounds that he had violated the amateur rules, is the big feature of to-day's afternoon papers which print the story under banner headlines with Tilden's photo on display.

The Star quotes F. Gordon Lowe, well-known tennis player, as saying: "Tilden wrote many articles, but they were all legitimate comments about players. . . . The whole thing is most extraordinary and it will have the effect of thoroughly arousing all lawn tennis players to action."

New York, July 19.—Officials of the United States Lawn Tennis Association were busy engaged to-day in drawing up an official statement for release later in the day in connection with the disbarment of "Big Bill" Tilden.

Auteuil, France, July 19.—William T. Tilden six, Baron De Morpurgo four. This was the score of a thrilling set of tennis played to-day between the leading stars of the American and Italian Davis Cup team who, owing to the sensational decision suspending Tilden, are not to meet in actual cup competition.

As soon as the official ruling barring Tilden was given the Baron visited Tilden at the Hotel Carlton. "Let's have one set anyhow," he said. "Our tennis careers have lasted many years, but strangely we never have met on the courts. This decision appears to spoil chances of disputing a match this year, so let's play an unofficial match."

New York, July 19.—William T. Tilden II has been removed from the United States Lawn Tennis Davis Cup team as a result of an investigation following receipt of letters and telegrams from Dr. Sumner Hardy, president of the California Lawn Tennis Association, calling attention to an article which apparently violates the amateur rule of the United States Lawn Tennis Association, a statement issued by that body, announced to-day.

Auteuil, France, July 19.—The French Tennis Federation to-day called the United States Lawn Tennis Association asking that it rescind action taken in removing Capt. William T. Tilden from participation with the United States team in the inter-zone Davis Cup competitions.

## SOFTBALL

The Ladies' Sample Shoe Store nine won the championship of the "D" section of the Victoria Softball League last evening and take possession of the Hayward Cup by defeating the Alions 25-9. "The shoe men have not been beaten all season."

Pimley & Ritchie won from the Astors by default.

The Meta-Oak Bay game scheduled for last night, was postponed until next week.

Tuesday's results were as follows: Hillcrest 4, Cordova Bay Recreation Club 2, Cameron Lumber Company 2, Foresters 1, Wilson Bros 17, Y.M.C.A. 7.

To-night's games will be as follows: Royals vs. Wilson Bros., Central Park; lower ground; umpires, B. Whyte and Pascoe.

Y.M.I. vs. Canadian Scottish, Central Park; upper diamond; umpires, E. Stock and Drysdale.

Hudson's Bay vs. Y.M.C.A., postponed.

## HALF-MILLION IS OFFERED ON DERBY WINNER OF 1928

London, July 19.—The Daily Express to-day says that Sir Hugh Cunliffe-Owen has refused an American offer of £100,000 for his horse Felsed, winner of this year's Derby. The prize is £40,000 above the high price paid by Sir Harry Mallady-Deely when he purchased Call Boy, winner of the 1927 Derby from the executors of his brother, the late Frank Curzon.

## FOLEY HAD ROY REELING BUT HE LACKED FINISHER

Vancouver Battler Came Back Strongly in Last Round and Earned Draw

Fails For Fourth Time to Lift Canadian Featherweight Title From Montrealer

Foley Gained Lead in Early Round But Roy Showed Plenty of Courage

Montreal, July 19.—Leo (Kid) Roy of Montreal is still featherweight champion of Canada. Last night at the Forum he met Roy Foley of Vancouver in the latter's fourth attempt at the title and for the fourth time the challenger from the West failed to get the decision. Last night's set resulted in a draw, Roy thus retaining his crown.

It was a terrific battle, with Roy rallying in the late rounds to overtake an early lead gained by the clever Foley and the latter rallying, in turn, in the final round to get the draw decision.

Roy forced the fight throughout, but Foley was clever and his boxing display equalled Roy's rushing and heavy punching.

### ON VERGE OF KNOCKOUT

Both fighters landed punches which had the opposing main of the verge of a knockout. In the final round, when Foley made his last bid for the long-sought-for championship crown, Roy took a couple of stiff ones on the chin, which sent him reeling to the ropes.

Foley followed in closely, but lacked the finishing power. Roy was hanging on at the final bell.

### AT CLOSE QUARTERS

First round.—They went to close fighting right from the bell, with both boys getting in punches. Roy got in a right uppercut which was partially blocked by Foley. Foley attempted to get in a left to the pit of the stomach, but Roy covered up each time. Foley missed a left swing. Roy got Foley in the stomach with a glancing left. Roy missed a right and a left. Foley came back with a left to the pit of the stomach. Just before the bell Roy got in a damaging right to Foley's head.

Second round.—Fighting marked the opening moments of the battle. Roy attempted to force the fight, but Foley covered up and avoided damage. In keeping Roy at bay, Foley got in several good ones. Both absorbed a couple of body punches. They clinched at the bell.

Third round.—Foley met Roy with a short right hook to the body, but was getting in several damaging blows during the first moments of the round. Foley went to the defensive and backed up from the champion. Roy kept forcing Foley to give ground. Just before the bell the titleholder was warned for hitting low.

### ROY BLEEDING

Round four.—Roy got in a hard left to the body. Foley got in a damaging right, which hurt Roy badly. Foley's defence was well kept perfect, and was affording him splendid protection against Roy's attempted rushes. Foley got an opening and began pounding Roy about the head. When the champion finally emerged from the flurry of gloves, he was bleeding from the left eye. Roy hit Foley with a fast left just before the bell.

Round five.—Roy started forcing in an effort to make up for lost ground, and got in several damaging blows during the first moments of the round. Foley went to the defensive and backed up from the champion. Roy kept forcing Foley to give ground. Just before the bell the titleholder was warned for hitting low.

### ROY AGGRESSIVE

Round six.—Roy landed twice before Foley got in a punch. The champion was the more aggressive and got in many telling punches. Foley covered up midway through the round, but began to stand the champion on his boxing tactics. Foley was outboxing Roy at the bell.

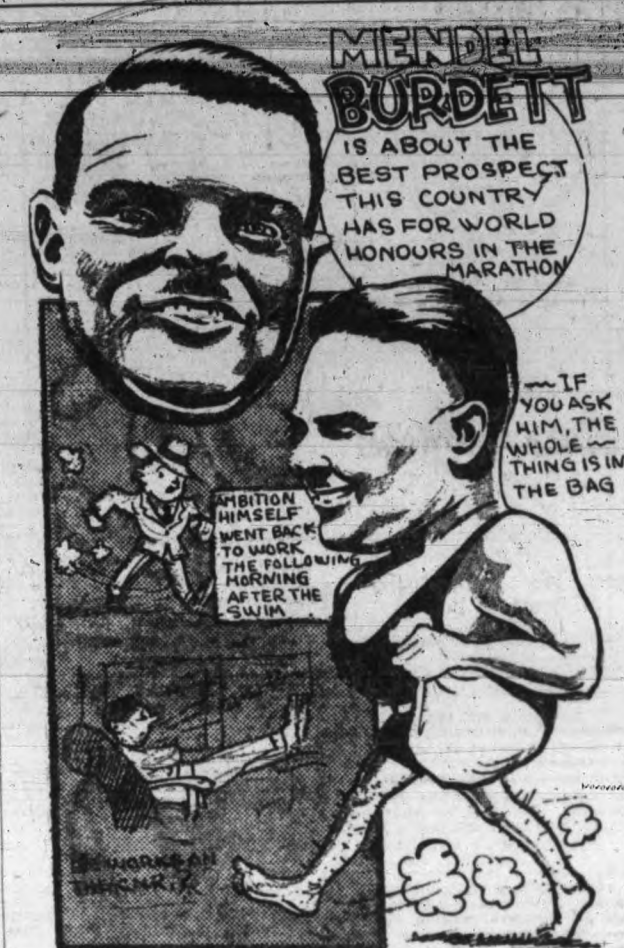

Round seven.—Foley jabbed Roy several times, but the punches were ineffective. Foley was warned for hitting low. They began an open exchange with Roy's blows proving more telling. Roy got in an uppercut which appeared to make Foley groggy. The champion sensed that Foley was slipping and howled for a knockout. Foley held on until the bell.

### FOLEY TIRED

Round eight.—Foley seemed refreshed for the start of the eighth round and ineffective sparring marked the first seconds of the session. Roy attempted to get an opening and forced his opponent to back up. Foley showed signs of starting a comeback and attempted to exchange punch for punch with the champion. He appeared tired, however, and Roy's punches were more wicked.

Round nine.—Roy continued to force

## Dark Horse of Big Swim - Jimmie Thompson

The dark horse of last year's \$25,000 prize marathon swim at the Canadian National Exhibition has again thrown his hat into the ring for this year's marathon to be held in Toronto next month. Mendil Burdett, the C.N.R. clerk, who did his training after hours, was unknown to the aquatic world when he plunged into the marathon a year ago abreast of such stars as Keating, Summers and Young and, at the end of fourteen miles, had swum his way into the sporting pages of the whole continent by gaining second place after many strong swimmers had already dropped out. After those fourteen racking miles Burdett also collapsed and was hauled out, but five minutes later he had fully recovered, proving by his performance his tremendous strength and staying power. Cheered by his comparative success of last year he is now training seriously, is improving his style and the big swimming classic will this year again find him a contender to be reckoned with.

## Heeney Is Perfect Gene Just About There

Reports From Training Camps of Heavyweights Give Glowing Reports About Two Men Who Are to Fight Next Thursday; Heeney Masters Any Kind of Style; Tunney Down to 190 Pounds

Speculator, N.Y., July 19.—Dangerously near fighting edge, Gene Tunney, who will risk his world's heavyweight title against Tom Heeney, the powerful New Zealand blacksmith, just a week hence, was given a holiday to-day.

The champion was down to 190 pounds, almost the weight he will carry when he enters the ring against Heeney and from now on his days of strenuous preparation are few.

### HIT QUOTE OFTEN

During yesterday's workout Tunney displayed more aggressiveness than he has shown in this campaign, but he disappointed the experts several times, when his sparring partners, Harold Mays and Billy Vidaback, crowded him to the ropes and connected with heavy hooks to the jaw. Tunney's handlers, however, explained that Gene was engaged in perfecting some part of his fist and was not adverse to being hit while he worked his ring problems.

## Edmonton Grads Score 109 Points Against French

Paris, July 19.—The Edmonton Grads, girls' basketball team, played an exhibition game with a Parisian team last night and defeated them by a score of 109 to 26. The Canadians are on their way to the Olympic competition at Amsterdam.

The fight when the going opened the ninth round. Foley began backing up. He was tired and his counter punches lacked sting. Roy became over anxious and missed several hard blows. Foley held on. Roy, however, managed to get several hard ones across.

Round ten.—Foley attempted to open up, knowing that a knockout was his only chance at victory. He forced and held in turn, but Roy traded punch for punch. Roy slipped and fell to the resin, but was right up again. Roy was tired and Foley pounded him all over the ring. Sensing a knockout and a new champion, the crowd went crazy. It was a sudden turn in the bout, but Roy had enough reserve left to weather the storm.

## Canadian Athletes Welcomed by Woman Mayor to England

Southampton, July 19. (Canadian Press Cable).—"It has been a delightful and uneventful trip," P. J. Mulqueen of Toronto, chairman of the Canadian Olympic committee, said today on the steamship Albatross with the main contingent of the athletic force Canada is sending to the Olympic games at Amsterdam. The track and field team, Toronto Argos crew of eight, women's team, team of swimmers and water polo, coaches and officials traveled on the liner.

Every one of the athletes was in good spirits.

P. J. Mulqueen, one of the Argos rowing crew, last night slipped on a grating on the ship and sprained his ankle slightly. This injury has been given the best of attention and the swelling was considerably reduced when he landed.

Mr. Mulqueen said there had been no sickness among the athletes.

"Our boys and girls land in good shape and hope."

Mrs. Foster Welch, Southampton's first lady mayor, did the team the honor of attending the arrival of the vessel notwithstanding the early hour it docked this morning and extended cordial wishes to the Canadians.

The team leaves for Amsterdam this evening.

## MARTIN FAILS TO LIFT TITLE IN BLOODY GO

Tod Morgan of Seattle Successfully Defends Junior Lightweight Crown

Both Fighters Drenched in Blood From Severe Cuts Opened Up on Face

New York, July 19.—Cannonball Eddie Martin, one time king of the bantamweights, to-day had nothing but deep and lasting scars along with the knowledge that Tod Morgan, too, was covered with lumps, to show for his second assault on the junior lightweight title.

The slim, frail appearing kid from Seattle, who looked as though he might break in half under Martin's vicious body thumping, came through a storm of terrific punishment last night to save the crown in a fifteen round engagement that drew 20,000 spectators to Ebbett's Field.

### CLOSE IN ALL ROUNDS

Although Morgan, according to the Associated Press score sheet, won eight of the fifteen rounds while Martin gained but four, with three even, the battle was close all the way with shades alone deciding many of the sessions. Only in the thirteenth round was there danger of a knockout and then it was Morgan, the champion, who reeled round the ring, battered from pillar to post by the challenger's lunging, driving attack.

The battle was gory enough to rival Gene Tunney's famous bleeding session with Harry Greb several years ago. In the very first round a butt opened a gash over Morgan's left eye, while Tod slashed Martin's right cheek open in the third. Morgan added a dripping nose to the spectacle in the sixth and in the tenth the challenger's right eyebrow was cut at the bone. Blood poured from the multitude of wounds and both fighters were stained crimson to the waist.

### MORGAN'S PUNCHES CLEANER

Morgan's cleaner punching, better boxing ability and ring generalship gave him an edge in the first three rounds. Martin's aggressiveness won him the fourth, fifth and sixth, while the champion took the rest with the exception of the thirteenth. Martin's best session—and the eighth, eleventh and fourteenth which were even.

Martin slashed the champion's left eye open in the first round, but Morgan, raked the challenger's chin with a dozen cracking rights.

The second was slower, with Martin crowding the champion constantly, but landing infrequently.

Both were shaken in the furious exchanges that marked the third. A left hook cut Martin's right cheek.

### MORGAN HARD PRESSED

Morgan held on frequently in the fourth as he tired under Martin's rushing, free-swinging attack.

Again in the fifth Martin's left hooks sizzled through to make the champion dizzy and raise a lump over his right eye.

Morgan weakened badly under Martin's cannonading in the sixth and had trouble keeping his feet.

Both wrestled a lot in the seventh, although Morgan did the cleaner punching.

## Lyons Pitched To Ruth In Pinch and White Sox See Score Change Fast

Blackburne, Manager of Chicago White Sox, Orders Pitcher to Toss One to Ruth When Yankees Are Two Runs Down in Ninth and Have Two Men on Bases; Results in Ruth's Thirty-sixth Home Run and Yankees Win Game by One Run; Cincinnati Raise Stock by Winning Pair

The rise of the Chicago White Sox to a place among the elite has developed complications of a social nature for Professor Russell "Lena" Blackburne.

"How to behave when Babe Ruth is at bat" henceforth will be a much more vital question to the ambitious young men of Professor Blackburne. Some doubt regarding the duties of Ruth could be noted among the White Sox in the ninth inning at the Yankee stadium yesterday. The Babe swished at Ted Lyons with perfect ease. Two Yankees were out, Coombs and Koenig were on base and the White Sox leading 8 to 6. "Lena" was firm in his refusal to pass the winning run to first base, with the result that the Babe slammed out his thirty-sixth home run into the right field bleachers to nose out the Chicagoans, 9 to 6.

Blackburne's judgment was sound baseball even though the consequences made it look bad. Ruth's run would win, regardless of how it got home, and the Babe on base, Lyons would have nobody to face but Gehrig—and perhaps Meusel.

Ruth is now six homers ahead of his record pace of last year, when he hit sixty.

The Cleveland Indians broke out of their slump by shading the Boston Red Sox at Boston 6 to 5.

The Athletics took another from the Detroit Tigers in Philadelphia, 5 to 1. The other American League teams were idle.

The Pittsburgh Pirates would be champions of the world if the other fifteen teams were the Phillies and the Braves. The Pirates made it three straight against the Bostonians 16 to 3 yesterday.

The Cincinnati Reds raised their stock somewhat by taking two decisions from the Brooklyn Robins 11 to 10 and 2 to 1, while other first division teams remained idle.

Yesterday's results were:

AMERICAN LEAGUE			
At New York—	R.	H.	E.
First game—	5	3	1
Chicago.....	9	12	2
Cleveland.....	5	1	0
Batteries—Lyons, McCurdy, Hoyt, Moore and Bengough.			
At Boston—	R.	H.	E.
Brooklyn.....	6	11	2
Batteries—Miller and Sewell; Russell, Settlemier, Morris and Hoffman, Heving.			
At Philadelphia—	R.	H.	E.
Detroit.....	1	6	1
Philadelphia.....	5	13	0
Batteries—Gibson and Hargrave; Elmke and Cochran.			

## EAGLES TO MEET VETS

McDonald and Whitehead Will Be Opposing Pitchers in To-night's Ball Game

In the Senior Amateur League ball game scheduled for to-night the Old-timers and Eagles will hook up, starting at 6.15 o'clock.

In their last meeting the veterans chalked up a win over the lodgemen, and they are out to repeat the trick. McDonald will occupy the mound for the veterans, while the Eagles will send Whitehead against the Old-timers. The Eagles are anxious to hold second position in league standing, and they need a victory to-night.

## McKEACHIE AND OWENS DEFEATED

Vancouver, July 19.—Powell River bowlers, skippered by G. Patterson, won the Spencer trophy yesterday in the premier competition for rinks of the British Columbia Lawn Bowling tournament. For the second time in the history of the tournament, the Powell River rink captured the event. They defeated Bryson's quartette 13 to 10 in a hard fought battle.

Owens of Victoria lost to Adams of Vancouver, 12 to 15, in the semi-final singles.

Howden and Hughes of Oakland reached the prize list of the doubles when they defeated Armstrong and Buck of Vancouver. In the same competition, Campbell and Booth, Vancouver, won from Fairley and Lowe, Revelstoke, with Basiele and Breckenridge, Victoria, beating Morris and Troop, Vancouver.

Two local men will meet in the final for the Seaton Cup singles, Steele, Vancouver, being opposed by Warren, Vancouver. Warren disposed of McKeachie, Victoria, in the semi-final.

Hughes, Oakland, went out of the Malkin singles trophy to Waite, North Vancouver, yesterday 10-9. Moir, New Westminster, will oppose him in the final.

Both were shaken in the furious exchanges that marked the third. A left hook cut Martin's right cheek.

### MORGAN HARD PRESSED

Morgan held on frequently in the fourth as he tired under Martin's rushing, free-swinging attack.

Again in the fifth Martin's left hooks sizzled through to make the champion dizzy and raise a lump over his right eye.

Morgan weakened badly under Martin's cannonading in the sixth and had trouble keeping his feet.

Both wrestled a lot in the seventh, although Morgan did the cleaner punching.

Seven Races Every Day, starting at 2.30. Keen contests.

### AT VANCOUVER HASTINGS PARK

Beginning Saturday, July 21, to and including Saturday, July 28.

#### Vancouver Racing Association

## RIMMER CROWNED WESTERN CHAMP

Jasper Park Professional Wins Golf Championship at Edmonton Course

Edmonton, July 19.—Brilliance, combined with supreme courage, were the salient qualities which carried Jimmy Rimmer, of Jasper Park, Alberta, in front of a charging field yesterday in the final round of the Western Canada professional championship and stamped him as the outstanding performer of the tournament.

After an uphill battle for fifty-four holes, Rimmer drew level with the pace setter, T. McGrath, of Moose Jaw, with an opportune 75 in the morning. The two leaders teeing off on the final eighteen holes deadlocked with an aggregate of 228. Right at the start of the final fifteen, Rimmer gave the gallery a thrill by negotiating the difficult par five first hole in an eagle three. Thereafter he marched on to victory and glory, chalking up birdies on four of the holes, and clinging to par for the greater part of the remaining holes for a score of 69, three under par. Rimmer's card set up a new course record and places him with a 72-hole score of 297, six strokes ahead of his nearest competitor, J. Fries, Edmonton.

McGrath was third with 305 after leading the field for three-quarters of the way.

C. H. Perkins, Vancouver, with 310, was fourth.

## O.C. CRICKET

London, July 19.—The players, meeting the Gentlemen in a cricket match at Lords yesterday, started off in fine style, compiling 432 runs in their first innings. The Gentlemen had made 16 runs for no wickets when stumps were drawn.

Closing scores in other first-class cricket matches were:

Sussex, 481; Glamorgan, 9 runs for no wickets.

Leicestershire, 235; Hampshire, 114 for six wickets.

Northants, 302; Surrey, 4 runs for no wickets.

Warwickshire vs. Kent: Kent, 410 for six wickets. (Ames 110, not out.)

Somersetshire, 227; Nottingham, 137 for two wickets.

Lancashire vs. Essex: Lancashire, 311 for three wickets.

West Indies vs. Worcestershire: West Indies, 410 for six wickets (Road, 149, not out).

## \$102.65 PAID IN VANCOUVER

Petroy Leads Two Other Longshots Home in Spectacular Race on Mainland

Vancouver, July 19.—Competition with a twist into the stretch Petroy, ridden by Palaes, won the third race at Brighouse yesterday and paid \$102.65 straight, \$22.92 place and \$11.46 show. Petroy shot was second and Lux third. Petroy shot started at 20 to 1 and Lux at 99 to 1, the former paying \$15.35 place and \$6.50 show, and Lux \$3.45 show.

The Western Bred Handicap for a purse of \$1,000 was won by Ancient Weapon, Mar Lodge finishing second and Teddy Loney, an entry with the winner, coming third. Sonner's Hair was favorite, but ran out.

The results were:

First race, purse \$500; four-year-olds and up; six furlongs—1, Sunkist, \$13.80, \$6.50, \$4.50; 2, Shasta Grange, \$6.40, \$4.00; 3, Trunket, \$2.70, Time, 1:13 1-5.

Second race, purse \$500; three-year-olds and up; mile and one-half furlongs—1, Sunkist, \$13.80, \$6.50, \$4.50; 2, Shasta Grange, \$6.40, \$4.00; 3, Trunket, \$2.70, Time, 1:13 1-5.

Third race, purse \$500; three-year-olds and up; six furlongs—1, Petroy, \$102.65, \$22.92, \$11.46; 2, Purdy Shot, \$15.35, \$6.50; 3, Lux, \$3.45, Time, 1:13 1-5.

Fourth race, purse \$700; three-year-olds and up; mile and seventy yards—1, Hamadan, \$9.35, \$4.30, \$2.50; 2, Simon, \$5.50, \$2.75; 3, M. J. McNulty Jr., \$2.40, Time 1:44 4-5.

Fifth race, purse \$1,000; for Western Canadian bred three-year-olds and up; six furlongs—1, Ancient Weapon, \$10.50, \$4.50; 2, Madge, \$10.40, \$5.40; 3, Teddy Loney, \$4.30, Time, 1:15 4-5.

Sixth race, purse \$600; three-year-olds and up; five and one-half furlongs—1, Rosemond, \$7.80, \$3.80, \$2.70; 2, Persona Beth, \$3.10, \$2.45; 3, Myddie, \$2.75, Time, 1:06 3-5.

Seventh race, purse \$500; four-year-olds and up; mile and one-sixteenth—1, Sam, \$24.20, \$11.40, \$5.55; 2, Cadmus, \$5.75, \$3.85; 3, John Franklin, \$7.75, Time, 1:47 3-5.

Lincoln Fields, Chicago, July 19.—Results here yesterday were:

First race, five and one-half furlongs—1, May Seth (Bowden), \$7.50, \$3.70, \$2.20; 2, Shasta Plum (Kelly), \$6.10, \$4.20; 3, Ottila (R. Jones), \$4.50, Time, 1:29 3-5.

Second race, six furlongs—1, Mino (C. Meyers), \$6.80, \$4.80, \$3.40; 2, Torchilla (Laucher), \$16.60, \$7.80; 3, Flying Torch (Shropshire), \$4.10, Time, 1:13 3-5.

Third race, mile and sixteenth—1, Prince Til Til (Tiner), \$4.00, \$3.00, \$2.50; 2, National Brick (Hoffman), \$14.00, \$7.50; 3, Orman (Kelly), \$2.70, Time, 1:51 1-5.

Fourth race, six furlongs—1, Prince Pat (L. Hardy), \$15.20, \$5.50, \$3.00; 2, Bayan (R. Jones), \$4.10, \$2.40; 3, Black Darling (Elston), \$2.40, Time, 1:14 3-5.

Fifth race, six furlongs, Morrison Handicap—1, Oh, Susanna (Gerner), \$4.50, \$2.50; 2, Cayuga (Philpot), \$2.70; 3, Woodrose (E. Poole), Time, 1:13 3-5.

## Bobby Jones On Golf

DIFFICULT LIES—WHEN SANDY HERD WAS STYMIED

Sandy Herd, the famous Scotch professional, was once playing a round upon a course which he had never seen before. Up to the eighteenth hole Sandy had been able to get along fairly well without asking advice of his caddy. But as he stood on the last tee he could not make up his mind what club he needed to reach the green, and finally he turned to his caddy:

"A full shot with your masher," the caddy told him, and Sandy, a powerful masher player, pitched not only over the green but over the clubhouse as well, leaving himself stymied by the edifice.

I suppose Sandy must have thought then, as others often have, that clubhouse, though necessary, are often rather obtrusive on a golf course.

I remember watching the match between Gardiner White and Oswald Kirby at Merion in the 1916 championship. All even playing the last hole, Kirby hooked his second shot, and the ball, striking the roadway, bounded across the practice green, and came to rest in the vestibule entrance to the clubhouse behind a huge flower-pot. It was not out of bounds and the unplayable lie rule of to-day was not in effect, so there was nothing to do but pick up and concede the hole and the match.

SOURCES OF TROUBLE

Shrubbery and roadways around a clubhouse can cause words of trouble, for they create situations for which no amount of skill can furnish a solution. I think there should be nothing on the

Sixth race, mile and one-sixteenth. Grey Stakes—1, Golden Racket (Kelly), \$14.80, \$10.10, \$5.50; 2, Broadaxe (L. Hardy), \$17.20, \$8.10; 3, Devon (Hoffman), \$6.20, Time, 1:46 1-5.

Seventh race, mile and one-eighth—1, Bright Shawl (Chavi), \$6.90, \$4.90, \$3.10; 2, Marlboro (Allen), \$5.80, \$3.60; 3, Chairman (Leyland), \$3.20, Time, 1:55 4-5.

golf course which will make it impossible to hit the ball. Limited ground sometimes prevents the perfect accomplishment of this ideal. In such cases the boundaries must be so fixed as to exclude the unfair obstructions.

Certainly the second floor balcony of a clubhouse should be out of bounds. It is absurdly no part of the playing field. Yet in an exhibition match which I played at Holyoke, Mass., many years ago I had to play a shot from just such a place, which about closely of the railing and a Ford radiator cap I managed to get the ball back to earth, but I felt like seven kinds of an idiot while I was doing it.

Thirty-five forty yards seems a long way to be off line, but many good players are to that extent. When a long high iron shot or drive starts to go astray even fifty yards means a small space. I shall never forget driving out of bounds on the twelfth hole at East Lake, when to do so I had to cross a very wide parallel fairway and considerable rough ground in between. The distance between the intended destination of the drive and the point where it actually landed must have been very close to a hundred yards.

## MORE BOUNDARIES NEEDED

The eighteenth hole at St. Andrews lies along a paved roadway lined on the other side with an uninterrupted row of buildings which abut closely upon the street. No fence or wall separates the eighteenth fairway from the roadway, and apparently the latter is not out of bounds. Jimmy Standish of Detroit, playing an informal round, sliced his drive on to the roadway, and the ball came to rest at a point exactly equidistant from the four-feet-of-a-horse. The horse was attached to a cart, from which the driver was delivering milk or groceries to the houses along the road.

Jimmy approached and finding the driver for the moment absent, attempted to induce the horse to move down the street away from his position over the ball, but without success. The driver soon reappeared, but Jimmy found him no more tractable than the horse had been, so he was compelled to wait until several more deliveries were made, and the cart driven slowly away.

There is another place where a boundary should be used. Asphalt pavements, stone steps, and clubhouse porches are not places from which a golf ball may be properly played. When necessity demands their location near a golf course, despite the apparent hardship of the penalty, they should be declared out of bounds. Sometimes the ball will find a resting place from which it can be easily played, but again it will find one which is impossible.

## Armour in Lead

Westfield, N.J., July 19.—A 66 by Tommy Armour, a 67 by Leo Diegel of New York, and a 70 by the home course professional, Danny Williams, were the only cards under par 72 returned in a field of 158 at the Shickamaxon Country Club yesterday in the first round of the Metropolitan Golf Association's twenty-first open championship.

## FIGHT TO-NIGHT

Chicago, July 19.—Mike Dundee of Rock Island, Ill., and Joey Medill, the West Chicago champion, will attempt to settle their fistie rivalry and get a crack at Tod Morgan's junior lightweight crown when they clash in a ten-round bout to-night.

The two met recently but drew in the midst of a torrential downpour of rain. Promoter Jim Mullen expects to match the winner with Morgan for the title.

Two Chicago lightweight rivals, Rusty Whalen and Jack Kana, will box ten rounds to complete a double wind up.

# I Half GASOLINE your oil is ruined..

GASOLINE in the crankcase? Yes! Ask lubrication experts what old crankcase oil contains—why it is so "thin," watery.

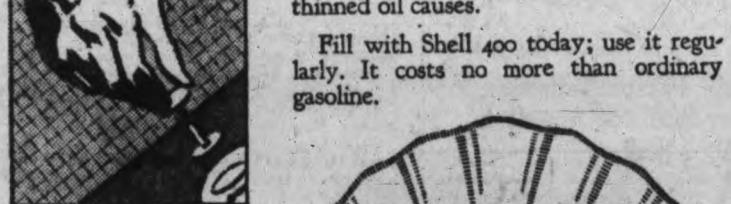

They'll tell you that it is diluted with gasoline; that a thousand miles of ordinary driving with "wet" gasoline will likely dilute it 50% or more.

"Wet" gasoline, condensing inside your motor, runs down the cylinder walls; ruins your oil; wastes power; wastes fuel.

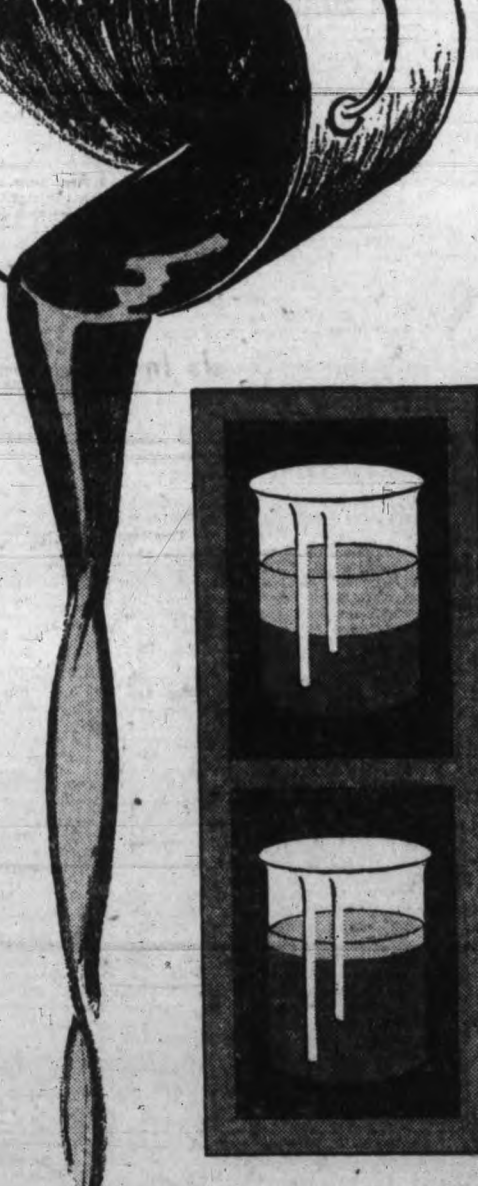

But this is not happening in all motors, for thousands of drivers have turned to Shell 400. Refined to an exact point, Shell 400 goes completely vaporized into your motor—a "dry" gas. It explodes cleanly; is much more completely used.

So it gives you increased mileage; a smoother flow of power. And it saves oil—saves the wear on your motor which thinned oil causes.

Fill with Shell 400 today; use it regularly. It costs no more than ordinary gasoline.

In starting, Shell 400 requires less choke than "wet" gas but can stand more without choking

An example of what a thousand miles of ordinary driving with ordinary gasoline can do—oil 51% "gasoline"—thinning caused by incomplete explosion of "wet" gas

Shell 400, the "dry" gas, reduces oil thinning to a minimum. Notice this example—only 9.3% in a thousand miles of ordinary driving

## The "DRY" GAS

Shell Motor Oil, a new lubricant that forms less carbon, soft carbon, is the ideal running mate for Shell 400. Don't offset the good effects of Shell 400 by using an oil less fine than improved Shell Motor Oil

## YOUTH FACES TRIAL ON MURDER CHARGE

In Alberta V. Boohar Committed Following Death of Mother and Three Others

Manville, Alta., July 19.—Vernon Boohar, 20-year-old son of Henry Boohar, was committed by Magistrate Pitke here last night to stand trial on a charge of having murdered on July 9 his mother, Mrs. Eunice Boohar, his brother Fred, and Wally Houtuk and Gabriel Gromley, lived with the Boohar household, the commitment for trial came at the conclusion of the preliminary hearing.

"While the evidence is wholly circumstantial and contains several discrepancies as to time, still suspicion is directed toward you and I do not feel I should take upon myself the responsibility of liberating you and therefore I must commit you for trial on the information laid against you," said the magistrate.

"I can only hope you may be able to prove yourself innocent."

## Ganges

Ganges, July 19.—Jack Harrison of Vancouver spent the week-end at "The Alders," the guest of Capt. and Mrs. Best.

Mr. and Mrs. Cecil Abbott of Victoria are spending a month at their summer camp, Ganges Harbor.

Mrs. Wilkinson of California, who was camping at Duck Bay, Vesuvius, met with a severe accident last week. She fell from a veranda, a drop of twelve feet, causing injuries to the head and spine. She was taken to the Lady Minto Hospital.

Captain Geoffrey Spicer-Simson, D.S.O., R.N., under the auspices of the Ganges Chapter I.O.D.E. gave an interesting illustrated lantern lecture in the Mahon Hall on his services on Lake Tanganyika during the World War, to a large and enthusiastic audience. The lecture was followed by a dance.

Following is the June report for the Lady Minto Hospital. Number of patients carried forward from last month, 3; patients admitted during June, 12; medical 5, surgical 1, obstetrical 3, infants 3.

List of donations: J. Akerman, four dozen eggs, flowers and vegetables; Anonymous, lettuce; Mrs. R. Hall, two boxes of tomatoes; Mrs. H. Noon, rhubarb; Mr. Simpson, eggs; L. Simpson, pickles, lettuce and butter; Mr. H. Johnson, asparagus; Anonymous, fish; Mr. Stephens, cream, vegetables, fruit, eggs and cake; Mrs. R. Price, vegetables; Mrs. Rogers, five chickens; Mrs. Goodrich, flowers; Mrs. Holmes, strawberries; Mr. Burklitt, cherries; Mr. Howland, strawberries. The matron and staff extend their thanks to the donors.

Mrs. G. J. Ringwood and family left last Tuesday on the Ss. Charnier for Vancouver, where they will make their home for the future.

Percy Lowther has returned from Vancouver, where he has been spending a short vacation.

Major and Mrs. Curtis and family of West Vancouver, who have been spending a week or two on the island, guests of Mr. and Mrs. L. Chaplin, Vesuvius Bay.

Mrs. T. Shore gave a farewell tea on Thursday afternoon in honor of her sister, Mrs. J. S. Jones, who is leaving for England. Among those present were Mrs. A. Bittancourt, Mrs. P. Stacey, Mrs. Douglas Hamilton, Mrs. H. Johnson, Miss Bernice Bittancourt and others.

Miss Doris Taylor is the guest of

## FRECKLES

Don't Try to Hide These Ugly Spots! Othine Will Remove Them Quickly and Safely

This preparation is so successful in removing freckles and giving a clear, beautiful complexion that it is sold by all drug and department stores with a guarantee to refund the money if it fails.

Don't try to hide your freckles or waste time on lemon juice or cucumbers; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask for Othine—double strength; it is this that is sold on money-back guarantee. (Adv.)

## Declares War

"Fruit-a-tives"—the Enemy of Dyspepsia.

ST. LESLIE, QUE.—"For ten years I could not digest food. Now I eat like a man. Fruit-a-tives relieved me completely."—J. S. Martin.

Our way of living lays most of us open to recurrent attacks of dyspepsia and kindred ailments. To remedy this, the regular use of Fruit-a-tives is highly recommended.

The gentle, natural stimulant effect of the bowels and digestive system by the fruit juice extracts and tonics in Fruit-a-tives soon heals bothersome and painful digestion. Try it. Sold by all druggists—25c and 50c per box.

Captain and Mrs. Best for the Summer holidays.

Mrs. L. Bittancourt was a week-end visitor on the Island from Vancouver.

The Girl Guides from Duncan are camping at Burgoyne Bay. They were joined by a number of the Guides from Ganges for a day or two.

Miss Betty Kingsbury is the guest of Major and Mrs. Monteith, St. James, Oak Bay, for a few weeks.

Miss Kirwin, a former matron of the Lady Minto Hospital, Ganges, is arriving to-day from Edmonton. She will be the guest of Mrs. Compton Kingsbury.

Mrs. Gavin Mout was a passenger to Vancouver on Tuesday, where she will stay with friends for a short holiday.

The Misses Daphne and Gem Justice were passengers to Victoria by Sea Island Princess on Tuesday, after paying a visit to relatives on the Island for a week.

Mrs. Norman Wilson has returned to her home, "Barnsbury," after spending a few days in Victoria with friends.

Mrs. L. Cropper and small son are spending a holiday in Victoria.

Miss Olga Seymour, who is staying with her brother, Wilfred Seymour, paid a brief visit to Victoria on Tuesday, returning on Thursday.

Miss Bernice Bittancourt, R.N., arrived on the Island on Saturday to spend a vacation with her parents.

Mrs. H. A. Munn and daughters of Victoria, are on the Island for a few weeks' holiday.

Mr. and Mrs. Edwin Matthews and son of Linden Avenue, Victoria, have been spending a short holiday at Ganges, guests of Mrs. J. Mout.

Mr. and Mrs. F. L. Crofton entertained a party of friends on Monday afternoon to tea and tennis, when the first games were played on their new tennis court.

Miss Kitty Allen, telephone operator at Ganges, has left for a few weeks' holiday.

## Cumberland

Cumberland, July 19.—Mrs. K. Marocchi and family returned on Wednesday from a two weeks' visit to points in Washington.

Miss Margaret Bannerman, of the teaching staff of the Revelstoke Public School, is spending her vacation in Cumberland.

Miss Rhoda Walton of Victoria is in Cumberland for a two weeks' visit, and will be the guest of Mrs. H. Keeler and Mrs. G. W. Clinton.

Pupils of Mrs. Carey of Royston, who were successful in the recent examinations of the Royal Academy and Royal College of Music were Olive Anderson, higher division, piano; Florence Atchison, higher division, violin; Frank Hurford and Douglas Inglis, lower division, violin.

Mrs. Wm. Harrison and Miss Bryant of Marshallfield, Que., arrived on Friday and are the guests of Mrs. Harrison's parents, Mr. and Mrs. J. Frame.

The home of Mrs. Cavellero was the scene of an enjoyable surprise party in honor of Mrs. Cavellero's sister and family. Mr. and Mrs. John Enrici, their son and daughter, of Richmond, Cal., and also Mr. and Mrs. Delarenti and son, of Renton, Wash. Music and cards passed a pleasant evening. Those present included Mrs. Felone, Mrs. Enrici, Mrs. Bartoldi, Mrs. Scavarda, Mrs. Cordon, Mrs. F. Dallos, Mrs. Morello, Mrs. J. Scavarda, Mrs. L. Scavarda, Mrs. J. Scavarda, Mrs. K. Weir, Mrs. A. Bono, Mrs. P. Bono, Mrs. Bardezzoni, Mrs. Cavellero, Mrs. Baga, Miss Beatrice Cavellero, Miss Kate Bartoldi.

Miss Lou Shepherd returned on Sunday from Washington, where she has been spending two weeks visiting her brother and sister, Mr. and Mrs. William Shepherd.

Dr. G. K. MacNaughton, Conservative candidate for Comox Riding, assisted by Mr. Crocker of Vanderhof, and Col. W. W. Foster of Vancouver, spoke before a fairly well attended meeting here on Monday evening. The meeting was Dr. MacNaughton's first in his home town.

Mr. Crocker reviewed the platform of Dr. Tolmie, criticising the Government policies, especially with regard to Soldiers' Civil Re-establishment and Soldiers' Settlement schemes. The speaker also contrasted the personal qualifications of Dr. MacLean and Dr. Tolmie.

## Sooke

Benjamin Acreman and family have returned to Victoria after spending their holidays with Mr. and Mrs. Benjamin Acreman Sr.

The following visitors have been staying at the Whiffen Spit Automobile Camp: Mr. and Mrs. Lester Clay, Vancouver; Mr. and Mrs. R. H. Brooks, Victoria; Mr. and Mrs. R. Roper and family, Victoria; Mr. and Mrs. Elliott, Vancouver; Miss Margaret Fox, Victoria; Miss Vera Knevet, Victoria; Miss and Miss Robinson, Victoria; Mrs. George T. Fox, Miss Dorothy K. Traves, W. Oxford, A. Jones, Victoria; Mr. and Mrs. A. C. Bedford, Moose Jaw, and Mrs. and Miss Westman.

Mrs. K. McMillan and a party of five friends were guests of Mrs. George Throp on Sunday.

## Attention! July Shoppers

Beauty cannot be overlooked, no matter how fascinating July bargains. Make an appointment for a manicure, a haircut or massage and learn how pleasantly shopping can be resumed after an hour of rest.

# JULY—THE EXCITING MONTH OF SALES

Now is the time for the late vacationists to select their Summer wardrobes, now is the time to stock up on all the little accessories for the rest of the Summer, and now is the time to purchase hot weather comforts. Shop at this Store in cool comfort.

## Antimony Recovery Developed In B. C.

By ARTHUR BUISSON,  
Mines Branch, Department of Mines,  
Ottawa.

Although the production of antimony from Canadian mines was first recorded in 1886, shipments have been somewhat erratic and production has gradually fallen off largely on account of the decline in the market price of this metal. Ores of antimony are known to occur, however, in British Columbia, New Brunswick, Nova Scotia, Ontario, Quebec and Yukon, and there are indications of a renewal of interest which may result in antimony being regularly included in the statistics of Canada's mineral production.

The Lake George antimony mine, situated in York county, New Brunswick, is the most important deposit in that province, and is now controlled by the Canadian International Corporation of Montreal. It is the intention of the Canadian International to incorporate an operating company to be known as the Antimony Smelting and Refining Company. No crude ore will be shipped, and the company will devote its energies to the production of antimony regulus. The Lake George ore is sublimic, but native antimony is also found. Production from 1907 to 1922, according to the record of the Dominion Department of Mines, reached a little over 2,200 tons of ore. In Nova Scotia, antimonial-gold deposits have been operated at West Gore, Hants County, first in 1884 in what was then known as the Rawdon mine, later called the West Gore property. Operations were carried on intermittently for several years.

A concentrator was completed in 1908, but operated only for a short time. The property was last operated in 1915 and 1916. The ore shipped ran fifteen to twenty per cent of metallic antimony and contained from two to three ounces of gold per ton. The concentrates produced contained on the average about forty per cent of metallic antimony. About 4,000 tons of ore and 2,200 tons of concentrates have been shipped to date. Some surface prospecting was carried on in the neighborhood of the West Gore during 1927.

In Yukon Territory antimonial-silver ores occur on Caribou Hill, near the Wheaton River, Wheaton District. While small quantities of sorted ore have been shipped, concentration would be necessary if any considerable production was attempted. On the Fleming property values as high as fifty per cent metallic antimony have been obtained, with silver averaging from fifteen to twenty ounces per ton. The Consolidated Mining and Smelting Company has made provision for the recovery of antimony as a by-product from the silver refinery of their plant at Trail, B.C. This operation is still in the experimental stage, but a small production of refined antimony may be expected in the near future. Antimony is also recovered in small quantities from the silver-lead-bismuth bullion obtained by smelters treating silver-cobalt ores. During 1926 there were 1,596 pounds of antimony valued at \$261 contained in such bullion exported for further treatment.

Canada's national wealth is officially estimated at \$22,000,000,000, which works out on an average of \$2,525 per person. This does not include undeveloped resources.

## THE CANADA YEAR BOOK

The publication of the Canada Year Book, 1927-28, is announced by the General Statistics Branch of the Dominion Bureau of Statistics. This comprehensive volume, which is now ready for public distribution, is the official statistical annual dealing with the resources, history, institutions and social and economic conditions of the Dominion. The present edition has been thoroughly revised throughout, and includes in all its sections the latest information up to the date of going to press.

The present issue of the Year Book extends to 1,100 pages, and is divided into fifteen sections, as follows:

(1) Geography, including the topography, geology, climate and natural resources of Canada.

(2) History and Chronology, including a chronology of Canada by years since 1497.

(3) Constitution and Government, with an account of the history of the Dominion Parliament and the Dominion franchise.

(4) Population, including summary figures of the census of 1921, and a detailed treatment of vital statistics and immigration, together with a statement on immigration policy.

(5) Production, including a general survey of Canadian production and sections dealing with agriculture, forestry, fur, fisheries, mines and minerals, waterpowers, manufactures and construction.

(6) Trade and Commerce, giving details of Canadian foreign trade and of interprovincial and local trade.

(7) Transportation and Communications, with subsections on Government control over transportation agencies, steam and electric railways, express companies, roads and highways, motor vehicles, air navigation, canals, shipping and navigation, telegraphs, telephones and post office.

(8) Labor and Wages, including an account of the Dominion and Provincial Departments of Labor and the International Labor Organization, besides material on trade unions, strikes, employment, co-operation, industrial combinations and current wages, as well as wage statistics based on the census of 1921.

(9) Prices, including wholesale and retail prices, security prices and prices of services.

(10) Finance, with detailed treatments of Dominion, provincial and municipal finance, national wealth and income, currency and banking, and insurance.

(11) Education, dealing with general education, technical and higher education.

(12) Public health and benevolence.

(13) Administration, including subsections dealing with the administration of public lands, national defence, public works, Indian affairs, soldiers' civil re-establishment and miscellaneous administration.

(14) Sources of Statistical and Other Information Relative to Canada, with lists of the publications of Dominion and Provincial Government departments, including those of the Dominion Bureau of Statistics.

(15) The Annual Register, 1927, with a review of recent Dominion and provincial legislation, principal events of the year and important extracts from The Canada Gazette.

Among the new features incorporated in the present edition of the Year Book are the following: A special article on the climate of Canada, contributed by Sir Frederic Stupart, director of the Meteorological Service of Canada; a summary of the results of the census of the prairie provinces, taken in 1926, improved statistics of immigration, including the languages, nationalities and birthplaces of immigrants; preliminary results of the census of manufacturers for 1926 as well as detailed analyses of these statistics for 1925; an extended discussion of Canadian trade; a summary of the first authoritative statement on the tourist trade of Canada; material on the traffic and the financial position of the Canadian National

the year and important extracts from The Canada Gazette.

## NEWS IN BRIEF

Believed to be first recorded case of its kind here, a sixteen-pound halibut was taken on a spoon by a fisherman trolling off McCurdy's Point, Saanich Arm recently, with a party of sportsmen trolling for salmon.

Senator Arthur M. Pierson of Union County, New Jersey, is in communication with the city, asking for a summary of local regulations in regard to civic revenues, for the purpose of preparing a report on the single tax form of revenue.

Victims of the Maple Leaf Legion, O.C., the victims of the Legion, were at the Willow Beach, Friday evening at 7.30. Legionnaires and wives and the Women's Chapter are invited to attend. Take No. 9 car and get off at Eberan.

A charge of driving to the common danger brought against W. E. Burnett in the city police court this morning was dismissed by Magistrate Jay. Peter Quan, a Chinaman, appearing on a similar charge was remanded until next Tuesday.

All intending exhibitors at the Summer Show of the Victoria Horticultural Society on Tuesday and Wednesday of next week, are advised to have their entries in to-day. Prize lists at all Floral Stores or from the secretary, F. E. Boulter, P.O. Box 34. Phone 9412.

A joint meeting of the civic service and legislative committees of the City Council is set for this afternoon, to consider nine applications received for the post of assistant city solicitor.

Meetings of the parks and public works committees are set for to-morrow, to consider routine affairs in preparation for a council meeting on Monday at 8 p.m.

Brigadier and Mrs. Carter, principals of the Salvation Army Training Garrison, Winnipeg, will arrive in the city on Saturday, instead of a week later as announced. There will be a public welcome in the citadel on Saturday night, and special meetings all day on Sunday led by the visitors. On Monday night at 8 o'clock Brigadier Carter will give a lecture on "India," having spent some years in that land as a Salvation Army missionary officer.

## GIANT PLANE ON WAY TO CITY

### Soaring Over Airmail Route Towards Omaha and Cheyenne

Bound for this city on the first long-distance transcontinental flight to Victoria, the B.C. Airways giant Ford all-metal, tri-motor plane is en route from Chicago from Detroit at 6 o'clock last evening and to-day is soaring over the airmail route towards Omaha, Neb., and Cheyenne, Wyo.

Word to this effect was received here this morning by the B.C. Airways, who will use the big twelve-passenger plane to start a regular daily service next week between this city, Vancouver and Seattle.

Aboard the plane is Wm. McCracken Jr., federal head of civil aviation in the United States, who is flying to the Coast from Detroit. Other passengers are Mr. Cecil Eve, business manager of the B.C. Airways, and Mr. Henry Strain, president of the Northwest Air Service Inc. of Seattle.

The huge monoplane, known as the safest and strongest plane of its type in the world, is being flown to the west by the B.C. Airways, which has it will arrive in Seattle on Sunday and will be flown to Victoria the following morning.

## MANUFACTURERS' LEADER HERE

### Lewis W. Simms Addresses Rotary Club Luncheon

Lewis Wesley Simms of St. John, New Brunswick, president of the Canadian Manufacturers' Association, was the guest of honor at to-day's luncheon of the Rotary Club at the Crystal Garden.

Mr. Simms expressed surprise at the development of Victoria in the nineteen years which intervened since his last visit. He could not understand how "Victoria had a reputation of being a city of leisure, in view of the many thriving industries of Greater Victoria."

Mr. Simms was impressed by the democratic combination of business in the western provinces. The effectiveness of the Canadian Manufacturers' Association was due to its being the unified representative of all the industrial concerns of Canada. In the United States division of organization had prevented similar success. Because of the existence of the Canadian Manufacturers' Association the industrial West had an advantage in building up its business not enjoyed by the earlier businesses of the Eastern provinces. In British Columbia the association now has 42 members.

Mr. Simms said the day of "let George do it" in politics, science and public development is passing. He believed that the leader the people want is the man prepared to back to the utmost his convictions, regardless of his own advantage. Business men of to-day have been prone to rely too heavily on government aid in business, and Mr. Simms believed that the sooner the government became divorced from business the better for the development of the country. Modern business is studying national problems and preparing accurate data from which a national policy can be developed.

Mr. Simms reviewed some of the problems of the Maritime Provinces, citing the destruction of the thriving pre-confederation cattle and meat industry following discrimination in export and domestic freight rates on grain and feed.

"After all is said regarding expertness in business, we come to realize that righteousness is the basic factor in success," he said, declaring that the Christian religion is followed by co-operation, and no land offers better opportunity than Canada for the up-building of a nation through the united effort of all the citizens.

Rounds of applause greeted James H. Beatty when introduced as member-elect by President Anscomb. Mr. Beatty said the new Legislature will include six Rotarians.

John Moore, head of the woolen mill shortly to commence operations, was introduced by Mayor J. C. Pendray.

## REALTORS STUDY SALES METHODS

### Hear Expert's Advice at Convention of Pacific Northwest Delegates

The convention of the Pacific Northwest Real Estate Association, which opened here yesterday with delegates from five adjacent states and from Victoria assembled, was into the full swing of business to-day.

Koen interest in the various items on the programme has been shown. Starting with a breakfast conference at 8 o'clock this morning, the delegates heard Mr. A. Dryer, director of the Farm Lands Division of the National Association of Real Estate Boards, discuss the type of service rendered by the successful farm lands realtor.

J. W. Allan of Vancouver, B.C., and E. S. Goodwin, past president of the Northwest Association, gave technical discourses upon city zoning. And again the audience was large, eager to question and to learn.

From 10.30 o'clock on, until noon, Ralph J. Meyers, manager of the Classified Advertising Department of The Seattle Post-Intelligencer and Arthur Younger, vice-president of the Seattle Title and Trust Company, spoke upon advertising and its value to the vendor of real estate and the appraisal of property, respectively. Both experts in their topics, they were given close attention by a crowded auditorium.

Immediately after these discourses and discussions, the delegates went to the steps of the hotel to pose for the official convention photograph.

## READY TO HELP DISABLED MEN

### Hon. Dr. King, Interviewed by Soldiers' Delegates, Gives Assurance of Benefits

Interviewed by representatives of the Canadian Pensioners' Association this morning, Hon. J. H. King, Minister of Health, here on a tour of western territory from Ottawa, gave assurance to them of the Government's continued sympathy and assistance wherever aid could be granted and wherever it was deserved.

"He told of the work which the Government had done for the disabled pensioners at the last sessions of Parliament," said A. J. Wilson, secretary of the Pensioners' Association here, following the interview. "And mentioned particularly the legislation which made possible benefits being given to widows who had married soldiers after the appearance of war disabilities. These men, he said, could be given assistance in deserving instances."

Mr. Wilson accompanied Thomas Watson, president of the Pensioners' Association, during the interview. Both of them, he said, questioned the minister on Government policies, and were told that the minister, personally, would aid the returned men wherever possible.

"He assured all disabled veterans that he had their interests and their welfare at heart, and that he would endeavor to help them," said Mr. Wilson.

Dr. King informed the representatives of the Pensioners' Association that the time had been removed where the application for pensions was concerned.

## NEWSPAPER BEST FRIEND TO REALTORS

### Advertising Expert Tells Convention of Value of Publicity

"Advertising is a tremendous force in bringing business success," declared Ralph J. Meyers, manager of the Classified Advertising Department of The Seattle Post-Intelligencer, who was a conference speaker before the convention of the Pacific Northwest Real Estate Association at the Empress Hotel to-day. "By it business is built upon a solid rock foundation that even unsettled conditions and depression cannot shake."

Mr. Meyers dealt at length upon the subject of advertising as a factor in the sale of real estate, and because selling was the great factor in success and advertising admittedly the great factor in selling, he indicated and emphasized its importance. Advertising, he said, brought buyers. Through the newspapers the realtor made a contact with the public.

"Newspapers are the best friends of the real estate man," he said.

CRKATES DEMAND  
Display advertising, said Mr. Meyers, created a demand. It was meant to create a market. Nor was there anything better to serve this purpose with than the newspaper. The classified advertising was printed for prospective buyers, men and women, who knew what they wanted and were educated up to point where they knew where to look for it.

Newspapers, said Mr. Meyers, were appreciating more and more the value of advertising. Even the conservative New York Times was a leader in this field, he went on. The public, through efforts of such newspapers, learned where to look for what they wanted. In the classified ads. But the display advertisement was of a different sort.

CATCHES THE EYE  
The public bought the newspaper to read news. Through the news columns were scattered display advertisements which attracted and caught the eye by various tricks of the advertisers' trade. It was through these displays, he said, that the vendor made a market for his goods. Through these a realtor might make a subdivision.

The speaker pointed to all the thousands of instances where, through advertising, business had been increased tremendously. That was sufficient endorsement of the claims of advertising.

NEW YORK, July 19.—Babe Ruth hit his thirty-seventh home run of the season into the right field bleachers in the first inning of to-day's game here between the White Sox and the Yankees at the Stadium. Ruth's drive followed Combs' double and gave the Yanks a lead of two to one over Al. Thomas.

RUTH SCORES AGAIN  
New York, July 19.—Babe Ruth hit his thirty-seventh home run of the season into the right field bleachers in the first inning of to-day's game here between the White Sox and the Yankees at the Stadium. Ruth's drive followed Combs' double and gave the Yanks a lead of two to one over Al. Thomas.

# STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

By Branson, Brown & Co. Limited  
Winnipeg, July 19.—The market was fairly active to-day, with a good class of buying going on by seaboard houses, but the demand was swamped by heavy offerings that were coming out through commission houses in the way of liquidation and stop orders, combined with considerable short selling in October, all of which gave the market a very heavy appearance and prices broke from 2 1/2 to 2 3/4 before the decline was checked.

The market reacted over one cent from the bottom on the buying demand for the lower grades, but trade volume is curtailed by the short supplies in these grades. Spreads were quarter to half better. There was a better demand for durums and spreads on some of the lower grades from 1c to 1 1/2c better. Export business yesterday was placed at 3,000,000 bushels, about 2,000,000 being Manitobas. Export business overnight was very small, but further business came in on the break this morning and the estimated sales around 750,000 bushels. There was a little short covering from time to time, but the buying was quite small, as the bears are too confident of their position at present.

Showers, from light to fairly heavy, were general in the central and southern areas of all three western provinces, while temperatures were moderate. There are some complaints of too much moisture in some districts, and reports of rust are becoming more numerous. The weather so far has not been favorable for the rapid development of the crop. Liverpool continues weak in sympathy with declining markets on this side. Prices have now had a good decline and many believe that the liquidation and stop loss selling is about finished. The market should be in a position now to respond to any unfavorable news. Winnipeg futures closed 1 1/4 to 3/4 lower.

Coarse grain—Further liquidation continued in the local grain, which carried prices sharply lower. Although oats and barley recovered about 1 cent from the bottom, they finally closed 1 1/2 lower, barley 1 1/2 higher, and wheat 1/2 lower. The market should be in a position now to respond to any unfavorable news. Winnipeg futures closed 1 1/4 to 3/4 lower.

Wheat—Open—High—Low—Close

CHICAGO GRAIN  
(By B.C. Bond Corporation)  
Chicago, July 19.—Wheat: Market opened lower and maintained an easier undertone the day. A local commission house was a persistent seller and December as well as July sold at a new low on the crop little special support was encountered until the bid prices were reached. Weather and crop reports from the northwest remain favorable. Some further hail damage was reported in Saskatchewan, but growing conditions are satisfactory. Movement in the south-west continues heavy, but rains will delay threshing. There was an active export and sales in all positions were estimated at 1,250,000. At present there seems to be little in the situation to encourage holders.

Corn: Market showed independent strength despite the break in wheat, and prices advanced about one cent over the previous close. Locals were the principal buyers, and while the news was bearish there was little pressure on the market, and the upturn was easily accomplished. Weather and crop conditions about all that could be expected. Receipts were liberal at 270 cars, but country offerings to-day were rather light. Deliveries on July contracts were 220,000 bushels.

We still favor sales of corn.

## GOVERNMENTS SETTLE WELL KNOWN CASE

Washington Expresses Its Regrets to London

U.S. Agrees to Surrender Rum Laden Vessels Seized By Her Patrol

Washington, July 19.—The celebrated and complicated international case involving Boatswain Harry Christiansen of the United States coast guard and, indirectly, "Pop" Neale, former dry agent, has been settled by diplomatic negotiations between Washington and London.

In admission of the violation of British sovereignty by Christiansen, the Washington Government has formally expressed its regrets to London. In addition it has agreed to surrender to the British authorities the two registered rum-laden vessels seized by Christiansen off the Bahamas Islands and their cargoes, and it has quashed proceedings in the United States courts against the crews of the two vessels.

### QUESTION TO BE SETTLED

The only remaining question is whether Christiansen is liable under coastguard articles of war or United States criminal law for prosecution on allegations of complicity in the theft of some of the seized liquor, a charge on which Neale was convicted, and for which he served time in the Bahamas. The British authorities have submitted evidence as to the share they charge Christiansen had in that transaction and this information has been handed over by the State Department both to the Department of Justice and the Treasury Department.

### SEIZED LAST SEPTEMBER

Christiansen, commanding a coast-guard patrol vessel, seized the two rum-laden ships off the Bahamas last September. There is an unsettled dispute as to whether the actual seizure was made within British territorial waters. Christiansen contending he overhauled and took possession of the two ships five miles off the island shore in the open sea. The point proved to be of no importance, however, as Christiansen subsequently took the captured ships into British waters, landing his prisoners and the seized cargoes at Gun Cay, Bahamas, where they spent the night, being transferred to another coastguard vessel the following day and sent to the United States.

It was this entry into British jurisdiction, admittedly, in defiance of all international law and custom, which prompted the United States' apology and the offer to surrender the seized

vessels and their crews and cargoes to British authority. The actual date for delivery of the vessels and cargoes, the prisoners having already been set at liberty and the bail remitted, is awaiting only designations of time and place by the British authorities. The cargo was to be made the delivery at Gun Cay, but that is unsettled.

### THEY OF LONDON

As a sequel to Christiansen's action, the British authorities charged that Neale, who was aboard the coastguard vessel despite the fact that he was then a fugitive from United States justice, carried out a theft of a part of the rum-laden cargo which was seized by Christiansen at Gun Cay. They also charged Christiansen with complicity in that theft and sought his extradition under a treaty which makes no exception as to members of the armed forces of either country.

The Washington Government was unwilling to interpret the treaty as including members of the armed forces, and undertook to persuade the British to drop the proceedings against Christiansen, with the assurance he would be transferred to other work or otherwise disciplined for violation of British sovereignty. Christiansen had explained that Neale was aboard his craft as a pilot because he knew the waters where the seizure was made.

The British accepted the proposal of the United States with the stipulation, however, that if the charges against Christiansen before British courts, were to be dropped, his status under the United States law should be examined. The Washington Government agreed to consider any evidence the British might be able to submit as to Christiansen's complicity in any irregularities while within British territorial waters, and it is that phase of the case which alone remains unsettled.

Neale, who was released by the British authorities in June after having served a substantial portion of his sentence in the Bahamas, was deported and immediately brought to trial under the United States law in Georgia.

## C.N.S. MOVEMENTS

Canadian Importer, arrived Victoria and Vancouver July 11.

Canadian Miller, arrived Charlotte Harbor, July 9; due back in Victoria, September 5.

Canadian Seigneur, left Quebec for Victoria and Vancouver, July 6; due Victoria August 8.

Canadian Winner, sailed from Union Bay for Montreal, July 6; due back in Victoria October 4.

Canadian Coaster, left Victoria for San Pedro, July 6; due back July 18.

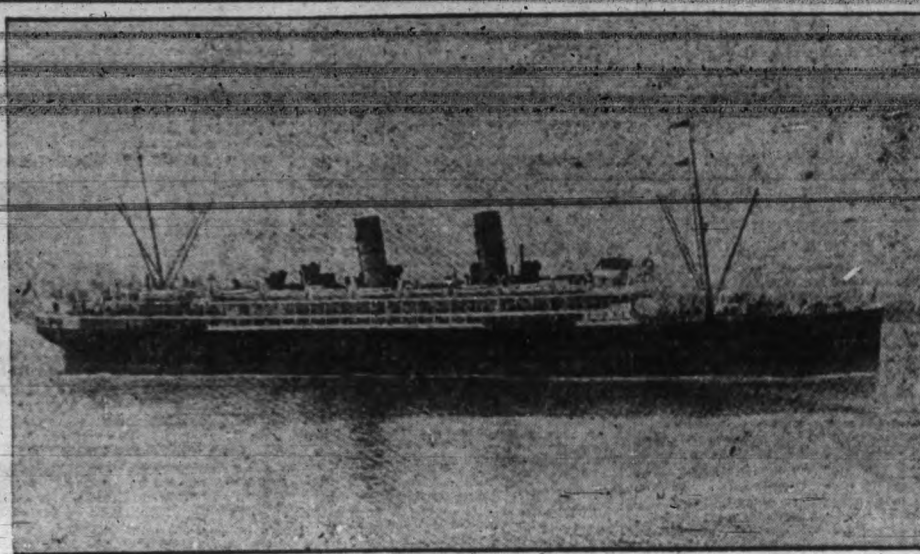

Canadian Farmer, left Vancouver for Prince Rupert, July 9.

Canadian Observer, left Ocean Falls for San Pedro, July 8; due back July 26.

Canadian Rover, left San Francisco for Victoria, July 7; due Victoria July 12.

Cowichan Lake Direct Service—Motor Coach, leaves Victoria, Point Ellice Station, 9 a.m. daily, except Sunday.

## WILL ARRIVE IN PORT HERE THIS EVENING FROM ANTIPODES

R.M.S. NIAGARA  
of the Canadian Australasian line, which will arrive at the William Head quarantine station this evening at 3 o'clock from Sydney, Australia, Suva and Honolulu, according to cable advices received at the company's offices, from the commander of the vessel, Captain T. V. Hill. This time should bring her to the Rithet piers about 9:30 o'clock. The Niagara left Sydney on June 23, and Honolulu July 13, and was not due to arrive in Victoria until to-morrow morning. Her departure from her last port of call on a Friday, the thirteenth, however, brought no ill-luck, but on the contrary gave her such wonderful weather conditions that she was enabled to clip twelve hours off her schedule. A total of 350 passengers is being brought in on the big liner, several of whom will disembark at this port.

## Libel Suit Filed In San Francisco

San Francisco, July 19.—A libel of \$8,000 was filed in Federal court here against the Coast Bay No. 4 as a result of a collision between the scow and the motorship Boobyalla, May 25, in San Francisco bay. The lighter loaded with lumber and in tow of the motor launch Dixie crossed the bow of the Boobyalla, and the latter vessel was damaged when it smashed into the scow.

## OAXACA FLOATED, PROBABLY ON FRIDAY

Work is proceeding on the stranded pleasure yacht Oaxaca, aground on the rocks of Wrangell Narrows, by the Pacific Salvage Company's vessel Salvage King. It is expected that the ship will be floated sometime on Friday without any danger. There are two large holes amships and one forward on the vessel.

## SPOKEN BY WIRELESS

July 18, 8 p.m.—Shipping:  
NIAGARA, Sydney to Vancouver, 240 miles from Victoria; due Victoria to-night at 9:30 o'clock.  
EMPEROR OF RUSSIA, Yokohama to Vancouver, 800 miles from Victoria; due Victoria Friday night, 9:30 o'clock.  
TEUCER, Vancouver to Yokohama, 462 miles from Vancouver.  
CHOYO MARU, Portland to Yokohama, 1,306 miles from Astoria.  
MEIYO MARU, bound Victoria, 1,250 miles from Victoria.  
FANK LYNCH, San Francisco to Vancouver, 570 miles from San Francisco.

CITY OF VANCOUVER, bound San Pedro, 2,442 miles from San Pedro.  
NORTHWESTERN, left Sitka, for Port Armstrong, at 6 p.m.  
EMPEROR OF CANADA, Victoria to Yokohama, 2,744 miles from Victoria.

July 19, 8 a.m.—Weather:  
Sun. Overcast; calm; 30.00; 58; sea smooth.  
Pachena—Overcast; calm; 30.08; 56; sea smooth.

# Book of Knowledge

Sketches by Deasy.  
Synopsis by Braucher.

## WHAT SALT IS

Salt is made up of two elements—chlorine and sodium. Chlorine is a colored gas which causes certain death to any kind of living creature if breathed in a large quantity. It was the first of the poisonous gasses used with such deadly effect in the World War, and some of the biggest makers of the gas were the salt manufacturers.

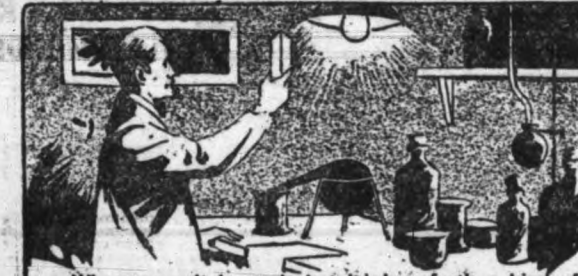

By REA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

Sodium is a curious soft metal which can be cut with a knife. When sodium and chlorine unite equally we have sodium chloride, or common salt.

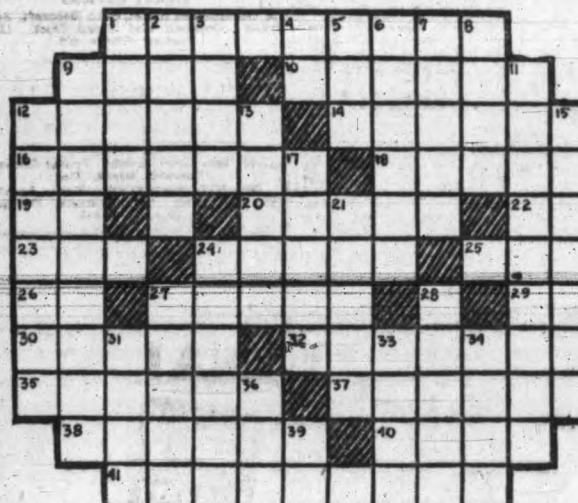

Salt, so necessary for life, also interferes with life. Salt is used to preserve things from the action of germs, which would spoil them.

Wherever salt is made hot it gives forth a kind of yellow light. Turning our attention to the sun and the stars, we find that the stuff which is in our bodies, which fills the sea, which even forms a sort of rock upon the earth, is also abundant in the sun and many of the stars. When we pass the light through a prism, the bright yellow lines mark the presence of sodium in the salt.

(To Be Continued)

### HORIZONTAL

- Tending to rise again.
- Kind of Johnny cake.
- Perched high as an eagle's nest.
- A frame with rungs used for climbing.
- Those who carry.
- Poison.
- To abdicate.
- You and me.
- Type of venomous snake.
- Italian river.
- To free.
- Auction.
- Snake used by Cleopatra to commit suicide.
- Standard of type measure.
- To misrepresent.
- Seventh note in scale.
- To diminish.
- Utensil for supporting the wood in an open fire.
- Breathes loudly in sleep.
- Covering the bottom of a shoe.
- Procreated.
- Brim.
- Parts of boats occupied by passengers paying the lowest fare.

### VERTICAL

- Wands.
- Finished.
- Observed.
- Sun god.
- To secure.
- Destroys by slow integration.
- Sugar sand.
- To abound.
- Vineyardiness.
- Porous stone for filtering water.
- Distinction, or frame.

## To-morrow's Horoscope

FRIDAY, JULY 20, 1928

Benefic aspects dominate to-day, according to astrology, which notes that

certain adverse influences also are strong. This is a day for pushing business and for winding up financial matters, especially those involving the payment of debts. Merchants and manufacturers will profit greatly and even unexpectedly through the summer.

Profit for builders and contractors is forecast and structures of immense size will engage chief attention. Sudden, or at least speedy wealth is to come to many before the end of the year, the seers prophesy, owing to the demand for commodities not in common use. As 1928 closes there will be startling

or sensational events that prove how little foresight is enjoyed by the average man and woman, astrologers announce. This is not an auspicious way under which to buy land or to engage in any speculative enterprise. It is a most unfavorable rule for those who take fliers in stocks. All should beware of tips on a market that is likely to be exceedingly changeable.

Those who read the stars for political guidance declare that the rule threatens fast momentary disappointments in November. Dentists are subject to a sway making for large profits and an extraordinary amount of work. Climatic conditions in many parts of the country will encourage toothache and neuralgia, it is forecast.

Persons whose birthdate it is probably will have a prosperous year. They may gain through contracts and advertising. Children born on this day are likely to be logical and analytical. Many scientists are born under this sign. (Copyrighted by Astrology Newspaper Syndicate)
